## BOARD OF SUPERVISORS MEETING THIRD MEETING, 1986 SESSION (3) January 14, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment, at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

County Assessor Ted VanGrootheest informed the Board that there would be a meeting of the Conference Board at 1:30 P.M., Tuesday, January 28, 1986 to discuss the 1986-87 budget.

Gary Christiansen, Rick Lampe and Arnie Hicks discussed the need to establish a County Conservation Capitol Improvements fund in order to accumulate funds to expend on the Linn Grove dam. Whereupon it was moved by Gustafson, seconded by Radke that the following resolution be adopted: BE IT RESOLVED that there hereby be established a Buena Vista County Conservation Land Acquisition and Development Trust fund as a part of the Capitol Projects fund in Service Area 0. It is hereby agreed to authorize the County Auditor to transfer \$50,000.00 from the County General Basic fund to the County Conservation Land Acquisition and Development Trust fund to be used for the repair of the Linn Grove dam. Ayes--all.

### Resolution

It was moved by Gustafson, seconded by Burnside to adopt the following policy for providing access driveways, free to the landowner, as part of a road grading project:

If desired by landowner, all existing driveways will be replaced at the present location or a location on the grading project chosen by the landowner that does not cause a sight distance problem. If the design of the road necessitates an additional drive or drives to provide reasonable access, the extra drives will be constructed at county expense. All other approved drives will be paid for by the landowner at the current rate being charged for driveways at other locations. Ayes--all.

It was moved by Vail, seconded by Burnside that the following schedule for fees and expenses of the Mental Health Advocate be recommended: \$15.00 per hour time expended and 21 cents per mile for mileage transportation required. Ayes--all.

### Resolution

It was moved by Radke, seconded by Gustafson that the following resolution be adopted: WHEREAS, the Board of Supervisors of Buena Vista County administers all the legally established drainage districts in Buena Vista County, and WHEREAS many of the drainage districts in Buena Vista County consist in part of open drainage ditches, and WHEREAS, beavers are continually causing damage to the drainage ditches and drainage districts by virtue of impairing the flow of water, construction of dams causing flooding and also causing bank erosion, all of which results in considerable additional maintenance expense for the drainage district, and WHEREAS, it is desirable to reduce the population of beavers in drainage districts to reduce the cost of maintenance for said drainage districts. BE IT THEREFORE RESOLVED: 1. That the Board of Supervisors in maintaining drainage ditches in Buena Vista County drainage districts agree to pay \$25.00 for each beaver which is trapped in a drainage ditch of a drainage district in Buena Vista County during the existence of this resolution. 2. Said payment will be paid by the particular drainage district in which the beaver was trapped as a part of the costs of maintenance of the facilities of said district. 3. This policy shall become effective upon the date of the adoption of this resolution and shall remain in effect until the Board of Supervisors of Buena Vista County shall adopt a resolution to rescind this resolution. In the event of rescission of this resolution the payment will still be made for beavers which are trapped during the existence of this resolution so long as appropriate claim is filed as hereinafter provided within sixty days after the rescission of this resolution. 4. In the event the Board of Supervisors of Buena Vista County do rescind this resolution, they shall publish notice of said rescission in each of the official newspapers published in Buena Vista County within thirty days after the rescission of said resolution. 5. Claim forms shall be provided by the County Auditor's office and the claim for any beavers trapped under this resolution must be filed in writing on the claim form furnished by the County Auditor. Said claim form shall indicate the drainage district and the section number and township where the particular beaver was trapped. The date of the trapping shall be on said form as well as other information which may be required by the Board of Supervisors or County Auditor when said form is furnished. 6. The person doing the trapping must comply with all laws and regulations of the Iowa Conservation Commission in performing said trapping operation. The person doing the trapping shall also obtain the appropriate permission from either the landlord or the tenant of the premises on which the trapping is to take place and the claim form referred to above shall contain a space for the signature of either the landlord or tenant to grant such permission. 7. It shall also be necessary for either the landlord or tenant to certify on said claim form that said beaver was trapped on the described premises and on the date indicated by the claimant. Such claim form may provide other information required by the Auditor and Board of Supervisors and said claim form may be modified from time to time accordingly. 8. That payment will not be made on each claim as filed but payments will be made at such intervals as may be determined by the Board of Supervisors and the County Auditor. 9. That this resolution is not intended to eradicate beavers, but only to reduce their population in drainage districts because of the considerable expense incurred in maintenance resulting from the activities of the beavers in the drainage districts. 10. That this resolution shall also apply to all joint drainage districts between Buena Vista County and surrounding counties when adopted by the joint board for each of joint drainage districts. 11. That the drainage minutes for each of the districts in Buena Vista County shall reflect a reference to the adoption of this resolution. 12. That this resolution shall become null and void if the Code of Iowa or the Administrative Rules of the Iowa Conservation Commission remove beaver from the list of furbearing animals and prohibit the taking of beaver by trapping. All Supervisors voted Aye on this resolution. WHEREUPON the Chairman of the Board declared said resolution adopted this date.

The salaries for county employees were brought up and the Chairman informed the Auditor to have the budgets submitted with the salary proposals included, at which time they would be discussed further.

The Chairman adjourned the meeting at 4:30 P.M.

FOURTH MEETING, 1986 SESSION (4)  
January 21, 1986

The Board of Supervisors of Buena Vista County met pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

Minutes of the January 7th and 14th meetings were read and approved.

Ruth Smith, Phyllis Taylor and Wallace Taylor from the Iowa Lakes Community College were present to observe the proceedings as part of the requirements for their Health Care Administrator classes.

Walter Wilkens submitted a letter of resignation from the county zoning commission which was accepted with regret. Following discussion, it was moved by Burnside, seconded by Vail to appoint Rollie Kruse to the Buena Vista County Zoning Commission to replace Walter Wilkens as of this date. Ayes--all.

County Sheriff Duane Heeney informed the Board that the law enforcement contracts should be negotiated by the Board of Supervisors and the city councils involved and not by the Sheriff. Whereupon the Chairman spoke to the Albert City Mayor and a meeting for February 4, 1986 at 2:30 P.M. was established for the discussion of a new contract with Albert City.

The Board reviewed the bids for the purchase of Sheriff's cars. The Sheriff was informed to purchase one car out of this year's budget. The 1986-87 sheriff's budget was then discussed at length. No decisions were made.

Anita Hallquist, county Director of Human Services, stated that the county was reimbursed an incorrect amount which will be corrected by the next billing from the state. The Human Services Fair in April will receive transportation from the Care Facility and the Red Barn. Other costs will be taken from the Human Services current budget.

It was moved by Gustafson, seconded by Burnside to pay \$100.00 on one person's dental bill. (JN 1-21-86). Ayes--all.

It was moved by Radke, seconded by Gustafson to approve the following reports: November Care Facility and county farm, the November and December Tourism reports, the December Clerk's fees and small claims reports, the November State Health Department report, the first quarter FY 1985-86 HM/HHA report, the 2nd quarter 85-86 Clerk's fees and Small Claims reports and Recorder reports, the 1985 annual Clerk's report of Fines, penalties and forfeitures. Ayes--all. Approval of the December and January conservation reports was withheld pending further discussion.

It was moved by Vail, seconded by Gustafson to approve the Treasurer's semi-annual report for the period ending 12-31-85. Ayes--all.

Kathy Cackler and Darlene Wise, representing UDMO, are asking for no budget increase this year. Mrs. Cackler answered questions about their new facility and described the programs that are available. The Board thanked her for her interest and presentation.

It was moved by Vail, seconded by Gustafson to purchase a 1986 Ford from Rasmussen Ford Motor, Storm Lake, at the price of \$11,964.38 with no trade-in. Ayes--all.

2:00 P.M. -- The time having arrived for the Federal Revenue Sharing Proposed Use Hearing. One person was present for the hearing. Pat Patten, Director of the Alta Community Hospital, requested \$15,000.00 with \$5,000 to be used for a planned activity program, \$5,000 for a transportation program, and \$5,000 to increase the energy efficiency of the facility. This will be considered at budget time.

Norman Lund and Roger Sievers discussed the 1986 weed program. They would like to add a spot sprayer and eliminate the blanket spray. They would have to lease a pick-up which should be a 3/4 heavy duty pick-up. They and the county engineer will investigate this possibility further. February 18, 1986 at 2:00 P.M. has been scheduled for the opening of bids on the purchase of weed chemicals.

It was moved by Burnside, seconded by Vail to authorize the Treasurer to deposit the Federal Revenue Sharing check in the amount of \$62,535.00 in the Commercial Trust & Savings Bank, Storm Lake, at interest this being for the first quarterly payment of Entitlement period 17. Ayes--all.

Whereupon it was moved by Burnside, seconded by Vail to hire the Iowa Industries Council to prepare the job descriptions. Ayes--all.

Claims were audited and allowed as follows:

## SUPERVISOR'S RECORD, No. 17

A letter from Faith, Hope & Charity requesting the Board of Supervisors to appoint someone to serve on the F.H.C. Board of Directors. After discussion the County Auditor was instructed to write F.H.C. and inform them that the Supervisors do not wish to participate on their board at this time.

Rhonda Christensen, Extension Director and Home Economist, and Jerry Weiss, Agriculturist, for the Iowa State Extension Service, informed the Board as to what all is available from the extension service in the way of programs, and also who the extension council is for 1986.

2:00 P.M. -- The time having arrived for the opening of quotes on trucks. 4 persons were present for the opening. One quote was filed at 2:02 P.M. After discussing this it was moved by Vail, seconded by Burnside to allow the late filing to be considered. After opening and discussing the quotes at length, it was moved by Gustafson, seconded by Vail to purchase Item #1 with option #1, from Fitzpatrick Chevrolet at a net cost of \$11,200.00. Ayes--all. It was moved by Vail, seconded by Radke to purchase item #2 with option #1 from Fitzpatrick Chevrolet at a net cost of \$10,200.00. It was then moved by Radke, seconded by Burnside to purchase item #3 with option #2 from Fitzpatrick Chevrolet at a net cost of \$21,950.00. Ayes--all.

It was moved by Radke, seconded by Burnside to approve the following reports: January 1986 ADTU and NWIPDC, and Care Review Committee; and the 2nd quarter 1985-86 farm-to-market report. Ayes--all.

The County Auditor reported that 7 townships had reported on the question of having a consultant review their contracts and insurance. Six felt it was not necessary and one thought it might be beneficial.

The recipient account statement form for Entitlement period 17 General Revenue Sharing was received and it was noted that the county is scheduled to receive \$229,267 this period. The county received \$256,673 during entitlement period 16.

A letter was received from Jack Whitmer in regard to using a summer intern from Iowa State University for accrual accounting purposes. The Board instructed the Auditor to write and try to get one for this summer's use.

Keith Moe, Merle Hogrefe and Kevin Zadow representing the city of Albert City, and Duane Heeney and Jack Hays from the Sheriff's department discussed renewing the law enforcement contract for the next four years. The Albert City Council stated that they believe that 75% of the Deputy's time is spent in Albert City, therefore they should pay 75% of the cost of a Deputy. However, there was a difference of opinion as to what this cost amounts to. Albert City is willing to pay \$21,759.52 and they feel that this is all that they can afford at this time. Sheriff Heeney stated that the cost of a Deputy including car is about \$30,794.86 per year. This will be discussed again at the next Board meeting, February 11, 1986 at 10:00 A.M.

The budget for the County Engineer for 1986-87 was then reviewed.

Claims were audited and allowed as follows:

BOARD OF SUPERVISORS MEETING  
TENTH MEETING, 1986 SESSION (10)  
February 11, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment, at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

The main purpose of this meeting was to discuss contract law enforcement with Albert City. Kevin Zadow, Merle Hogrefe and Keith Moe, from Albert City, were present for the discussion. The contract law in Buena Vista County was discussed at length. The use of the Neighborhood Watch program was considered. Storm Lake is using this program now. After further discussion it was moved by Vail, seconded by Burnside to renew the law enforcement contract with the city of Albert City for an additional one year period which will expire September 1, 1987, the cost to Albert City to be \$21,759.00. Ayes--all.

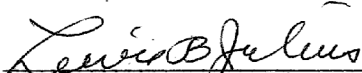

A letter received from the City Council of Sioux Rapids regarding contract law enforcement and what it would cost the city of Sioux Rapids was discussed at length. The County Auditor was instructed to write and inform the Sioux Rapids council that the Buena Vista County Board of Supervisors do not wish to enter into a contractual agreement with the City of Sioux Rapids at this time, and to advise the council to investigate cooperating with Marathon and Albert City to share their Deputies for coverage. Albert City and Marathon are to be advised of this possibility.

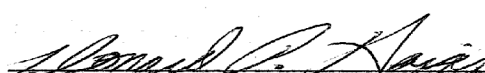

It was moved by Vail, seconded by Radke approving drainage work to be done on D.D. #181 at sites #85-20, 85-21, and 85-22; and to approve tree clearance along the Little Cedar on the west side of section 33. Ayes--all.

A petition was received from 30 residents and landowners of the Casino Beach area requesting hard surfacing of the roads in that area. This was discussed at length. It was decided that proper road facilities cannot reasonably be provided because of the road width which is so narrow that drainage problems would be created. This needs further consideration and investigation before a decision is reached including how much property owners are willing to contribute in upgrading the existing road system. Other subdivisions also want consideration and improvements. Possibly the county could grade the road and the property owners blacktop it. An engineer's cost estimate on the project is needed. A meeting with the landowners was scheduled for 3:00 P.M., Tuesday, February 18, 1986 to discuss this project further.

The County Engineer having reported that he was not able to obtain an easement from Ann R. Smeltzer for the right-of-way needed for Bridge Project #BROS-9011(2)--5F-11 located near the northeast corner of Section 21-92-36, it was moved by Radke, seconded by Vail to proceed under the provisions of Chapter 306, Code of Iowa Sections 306.28 to 306.37 to acquire through condemnation the following described parcel for right-of-way needed for the above listed Bridge Project, said parcel being a part of the Northeast quarter (NE $\frac{1}{4}$ ) Northeast quarter (NE $\frac{1}{4}$ ) Section 21-92-36 described as follows: a part of the Northeast Quarter, Northeast Quarter (NE $\frac{1}{4}$ , NE $\frac{1}{4}$ ) Section Twenty-One (21), Township Ninety-Two North (T92N), Range Thirty-Six West (R36W) of the Fifth Principal Meridian (5th P.M.), Buena Vista County, Iowa, more particularly described as follows: Commencing at the Northeast corner of the Northeast Quarter (NE $\frac{1}{4}$ ) Section Twenty-One (21), Township Ninety-Two North (T92N), Range Thirty-Six West (R36W) of the Fifth Principal Meridian (5th P.M.) thence South along the East Line of said Northeast Quarter (NE $\frac{1}{4}$ ) a distance of Three Hundred Eighty-Five (385.0'); thence West along a line parallel to the North Line of said Northeast Quarter (NE $\frac{1}{4}$ ) a distance of One Hundred Five Feet (105.0'); thence North 24° 02' 40" West a distance of approximately Three Hundred Fifty-Five and Eighty-Eight Hundredths Feet (355.88') to a point that is Two Hundred Fifty Feet (250.0') West and Sixty Feet (60.0') South of the Northeast Corner of said Section Twenty-One (21); thence West along a line parallel to the North Line of said Northeast Quarter (NE $\frac{1}{4}$ ) a distance of Five Hundred Sixteen and Seven Tenths Feet (516.7'); thence North along a line parallel to the East Line of said Northeast Quarter (NE $\frac{1}{4}$ ) a distance of Sixty Feet (60.0') to the North Line of said Northeast Quarter (NE $\frac{1}{4}$ ) thence East along the North Line of said Northeast Quarter NE $\frac{1}{4}$  a distance of Seven Hundred Sixty Six and Seven Tenths Feet (766.7') to the Point of Beginning and containing an area of 0.95 Acres exclusive of the present established highway and drainage district rights of way. This motion carried unanimously.

It was moved by Burnside to adjourn to Tuesday, February 18, 1986 at 9:00 A.M.

BOARD OF SUPERVISORS MEETING  
ELEVENTH MEETING, 1986 SESSION (11)  
February 18, 1986

The Board of Supervisors of Buena Vista County met pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

Minutes of the February 3rd, 4th, 6th, 7th, and 11th meetings were read, corrected and approved. The minutes of February 3, 1986 were amended to show that the Board of Supervisors considered budgeting \$100,000.00 in the Conservation Land Acquisition and Development budget, pending receipt of matching funds from state or federal government.

It was the consensus of opinion that bounties on beaver tails be approved and paid for following the first supervisors meeting after the receipt of the claim. The warrant will be stamped and a letter of explanation will accompany the warrant if there are no available funds.

A meeting will be held at Pocahontas on D.D. #181 at 9:30 A.M., February 27, 1986.

# BUENA VISTA COUNTY, IOWA

It was moved by Vail, seconded by Burnside to approve payment for one Buena Vista County resident (L.H.2-18-86) to the Webster County Community Support program, and to authorize the chairman to sign the agreement. Ayes--all.

It was moved by Gustafson, seconded by Vail to approve the employment of one part-time person in the Clerk of Court's office at the rate of \$3.50 per hour effective about May 15, 1986 to replace the one who will be leaving at that time. Ayes--all.

County Engineer Don Linnan stated that the bridge in Lincoln Township which is to be replaced will have to be accomplished through condemnation proceedings. Calhoun & Britson designed the bridge. It was noted that the creek bed has changed since the installation. After much discussion, it was agreed to proceed as planned, and as approved by motion on 2-11-86. Warren Gregg will be contacted to make the appraisal of the land to be condemned.

Ray Kurtz, County Sanitarian, informed the Board that DWAWM gave permission to Packerland of Hospers, Iowa to dump sludge into the lagoons of the Linn Grove Rendering works. This is in conflict with our county ordinances, and some of the Linn Grove residents are protesting the dumping which has already begun. Mr. Kurtz will investigate and report back to the board on his findings.

It was moved by Burnside, seconded by Gustafson to approve repairs on D.D. #181 at sites 86-1 and 86-2 and authorize the interim committee member to sign the same. Ayes--all.

It was moved by Gustafson, seconded by Burnside to approve the following reports: January tourism, Clerks fees, small claims, court revenue; February NWIPDC. Ayes--all.

Tom Oswald, Jeff Chindlund, Keith Arends, Cliff Schmidt and Dale Christiansen, from the Buena Vista County Soil Conservation District, presented a funding request for \$3,000.00 to be used for a part-time person to service Buena Vista County. After much discussion the board agreed to give this some consideration in the proposed budget.

Richard Bugler, Mike Carroll, representing Motorola, and Ron Wilson and Denise Kleen were present to discuss a letter from Motorola dated 2-16-86 which answered some of the Board's concerns about the Communications Center equipment. The Board also wants a written statement from Warren Moe concerning his part of the contract. The Chairman stated that once the specifics on the warranties and the performance bond are satisfied, the final payment will be issued.

Greg Anliker and Carl Bjork, representing Iowa Lakes Area Agency on Aging presented their 1985 annual report and asked for funding in the amount of \$8,114.00 for fiscal year 1986-87. This will be given budget consideration.

2:00 P.M. -- The time having arrived for the bid letting for 1986 weed chemicals. 4 persons were present. Three bids were received. After opening and finding all in order, it was moved by Vail, seconded by Gustafson to accept Edwards Construction bids on 2-4D Ester for 660 gal. @ \$8.25, 200 gal. Surfel @ \$8.25 and 5 gal. Nelco-trol @ \$20.00; and the Jensen Spraying bid on Banvel 720 for 110 gal. @ \$17.50. Ayes--all.

It was moved by Radke, seconded by Gustafson to approve the application of Continental Telephone Co. to install 65 miles of underground construction in Buena Vista County during 1986, and to repair any damage done during construction. Ayes--all.

Meeting recessed at 2:30 P.M. to attend the Public Hearing on the County Assessor's budget. Meeting reconvened at 2:45 P.M.

Steve Roth, Phil Redenbaugh and Roy Clough, representing the Casino property owners, discussed the improvements wanted for the roads at Casino. County Engineer Don Linnan stated that drainage was still the main problem and that 3" of blacktop was not sufficient to pave the road appropriately. The road meets only 21 out of the 50 points needed as recommended by IDOT. The county agreed to submit an engineer's study on the feasibility of such a project. This will be done after the snow is gone.

A letter from the County Attorney seeking an Attorney General's opinion, and the letter of advice from the Attorney General's office was discussed. This was in regard to Township Trustee liability. A copy of this letter will be sent to each township.

It was moved by Gustafson, seconded by Radke to approve the following private contracts for 1986 maintenance graveling, all being the lowest private quotes received to furnish, strip, crush, load and haul 3/4 inch class "C" gravel:

Kenneth L. Mauer, Storm Lake, Iowa - 58 miles in the west central area of Buena Vista County -- \$39,150.00

Wirtjers Trucking Inc., Sac City, Iowa - 62 miles plus stockpile in the southeast corner of Buena Vista County -- \$42,536.00

BOARD OF SUPERVISORS MEETING  
TWELFTH MEETING, 1986 SESSION (12)  
February 20 and 21, 1986

The Board of Supervisors of Buena Vista County met in special session, with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside. This meeting was scheduled for four periods over two days with public hearings to be held at 10:00 A.M. and 1:15 P.M. each day, in order to determine which roads should be classified as System level "B" roads. The meetings were held in the public meeting room of the Buena Vista County Courthouse.

This being the first meeting, it was called to order by Chairman Harjes. He made a few explanatory remarks and then called upon County Engineer Don Linnan to explain why System level "B" roads were being considered. The roads were then discussed as printed in the public notice. 14 persons were present for this 10:00 A.M. meeting. People wanting to be heard were: Phil Lietz whose main concern was that the roads not be abandoned. The roads will be maintained so that farmers may get to their fields. They should not be used during wet weather. Any bridges needing to be replaced will be subject to public hearing. There will be no easing of taxes because of low level maintenance. The estimate is that about \$2,000 per mile will be saved because of low level maintenance, and the cost of liability should also be reduced.

Marvin Hinkeldey thinks the roads should be maintained in the winter, and summer maintenance reduced to once per month. Greg Drzycimski said that a priority should be to work with utilities when needed in the winter. If cost savings are necessary the landowners should be asked to spray their own roads for weeds. However the Iowa code states that the county is responsible for noxious weeds. Once a level "B" road is designated it will probably remain in this class unless an awfully good reason develops for it to be changed.

This meeting adjourned at 11:40 A.M., to be continued until 2:30 P.M. on Friday, Feb. 21, 1986.

1:15 P.M. -- The meeting reconvened to discuss the roads scheduled for public hearing at this meeting. 12 persons were present for the hearing. Chairman Harjes opened the meeting and turned the meeting over to the county Engineer to conduct the hearing and explain the procedure to be followed. John Demers inquired as to what all will be done to maintain level "B" roads. He also feels that the farmers should spray their own road ditches. Ken Edwards asked that school bus routes be maintained and he was assured that they will be.

This hearing adjourned at 2:30 P.M. to be continued until 2:30 P.M. the next day.

10:00 A.M., Friday, February 21, 1986. All the Supervisors were present. Chairman Harjes opened the meeting with a few brief remarks and referred to the county engineer to explain the procedure to be followed for the meeting. 22 persons were present for the meeting. Marvin Jesse said that the bridges are needed to get to his land. He was assured that some type of low water crossing would be maintained. Louis Demers Jr. asked what effect this would have on fire protection. Ron Meyer said that a dry weather farm access road is not good enough for \$12 per acre taxes. They feel that partial graveling would be needed in two or three years to maintain the road. Weed control was also considered. The farming of right-of-way is still prohibited as drainage must still be maintained.

This meeting adjourned at 11:15 A.M., to be continued at 2:30 P.M. this same day.

1:15 P.M. -- The meeting reconvened to discuss the roads scheduled for this time period. 16 persons were present for the hearing. Chairman Harjes opened the meeting and referred to the county engineer to explain the procedure being used. Eldon Schmidt asked what criteria would be needed for reopening a road or reclassification. This would be done by a Board of Supervisors resolution. Spraying of weeds and maintaining of bridges were also concerns mentioned. They felt that gravel should be continued but snow removal stopped.

This meeting adjourned at 2:15 P.M., to be continued at 2:30 in the Board of Supervisors room.

2:30 P.M. -- The time having arrived to discuss the action to be taken regarding the public hearings held for Service level "B" roads. After much discussion it was moved by Radke, seconded by Gustafson that the following resolution be adopted:

BOARD OF SUPERVISORS MEETING  
 THIRTEENTH MEETING, 1986 SESSION (13)  
 February 24, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment, at 1:00 P.M. with Chairman Harjes presiding and with the following members present: Radke, Gustafson, Burnside. Absent: Vail.

The main purpose of this meeting was to review the proposed county budgets for fiscal year 1986-87. County Engineer Don Linman explained that several things could take place. It appeared that the tax askings would be about the same as for the 1985-86 budget. Due to the uncertainties of the effect of pending legislation final action cannot be taken at this time. The budgets will be discussed again on Thursday at 1:00 P.M.

It was moved by Gustafson, seconded by Burnside that the resolution passed on August 7, 1984 involving transfers from the General Basic and Rural Basic funds to the Secondary Road fund be amended, and a corrective resolution authorizing the transfer of \$102,800.00 from the General Basic fund to the Secondary Road fund, and the transfer of \$1,149,938 from the Rural Basic fund to the Secondary Road fund, with the maximum transfer including Mobile Home, Livestock and Military credits to be: \$103,963.00 from the General Basic to the Secondary Road fund; and \$1,163,963.00 from the rural Basic fund to the Secondary Road fund be adopted. Ayes--all.

It was moved by Radke, seconded by Gustafson authorizing the signing of a letter to the State Auditor expressing an opinion that the financial statements and representations made during the audit of Buena Vista County were presented fairly to the best of the Board's knowledge. This motion was approved unanimously.

This meeting was adjourned at 4:00 P.M. until Thursday, February 27, 1986 at 1:00 P.M.

BOARD OF SUPERVISORS MEETING  
FIFTEENTH MEETING, 1986 SESSION (15)  
March 4, 1986

The Board of Supervisors of Buena Vista County met pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Vail, Gustafson, Burnside. Absent: Radke.

Minutes of the February 18, 20, 21, 24, 27 and March 3, 1986 meetings were read and approved.

County Drainage Engineer Darel Burns reported on drainage matters. It was then moved by Vail, seconded by Burnside to approve final payment on contracts with Bloom and with Bjork for tree removal in Drainage District #34. Ayes--all.

Mr. Burns then explained that tree removal was also needed in the SW $\frac{1}{4}$  Sec. 34-93-35 along the open ditch of lateral 2, D.D. #34. The estimated cost is over \$5,000.00 so a letting may be necessary before a contract can be let. The Drainage Attorney should be contacted for advice on how to proceed. Work also needs to be done on laterals 3 and 5 of D.D. #34, and also on drainage districts #3 and #83. Hearings would have to be held for these districts before work could be done. The work has all been petitioned for. Mr. Burns will contact the Drainage Attorney and then report back to the Board at the next meeting.

Kim Carnine, Deputy County Assessor, informed the Board that an error had been made and CMC Corporation had been assessed for the same parcel twice. Whereupon it was moved by Gustafson, seconded by Burnside to issue a certificate of adjustment on parcel #7080.00 for 1983 taxes in the amount of \$346.00 and for 1984 in the amount of \$356.00, with these amounts to be deducted from the 2nd installment of the taxes payable in 1985-86. Ayes--all.

It was moved by Gustafson, seconded by Burnside to increase the auto liability coverage to \$1,000,000.00 and to investigate further to see if umbrella coverage can then be obtained. Ayes--all.

It was moved by Gustafson, seconded by Vail to hire Julie Lyon as secretary at the Buena Vista County Care Facility on a part-time basis effective March 6, 1986 at the rate of \$4.50 per hour. A merit evaluation and possible salary increase will take place about January 1, 1987 and July 1, 1987. Yearly evaluations and possible salary increases will be made thereafter. Ayes--all.

Norman Lund and Roger Sievers discussed the summer weed spray program. This will be spot spraying only for the entire county to control noxious weeds. Part-time help is being hired to handle the spraying.

1:30 P.M. -- The time having arrived for the discussion of quotes on the furnishing and installing of cabinets for the jail. Two quotes were received. After much discussion it was moved by Vail, seconded by Gustafson to award the contract to Bob Eberle Construction in the amount of \$3,684.41. Ayes--all.

Resolution

It was moved by Burnside, seconded by Vail that the following resolution be adopted: WHEREAS County Home Rule has been in existence for 5 years, and WHEREAS some Buena Vista County ordinances have been in existence for nearly 5 years, and WHEREAS the Code of Iowa designates that county ordinances be re-codified every 5 years, BE IT THEREFORE RESOLVED that all 5 presently existing Buena Vista County Ordinances be extended for an additional 5 year period extending from July 1, 1986, until July 1, 1991. This resolution carried unanimously.

It was moved by Burnside, seconded by Vail to approve the following reports: 2nd quarter 1985-86 Child Support Recovery, February 1986 ADTU, Board of Health minutes and site visit review responsibilities, County Conservation, and Human Services circular #24-J-MH/MR/DD on Parental Liability Limit. Ayes--all.

It was noted that the Health insurance rates will increase approximately 28% for 1986-87.

BOARD OF SUPERVISORS MEETING  
TWENTY-THIRD MEETING, 1986 SESSION (23)  
April 29, 1986

The Board of Supervisors of Buena Vista County met pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

Minutes of the April 15, 17 and 21, 1986 meetings were read and approved.

Ferne Frederiksen, County Recorder, introduced Jennifer Foell to the Board as an EBCE student who will be observing the work done in the Courthouse for the next three weeks. She stayed to observe the Board meeting.

G. Richard Burr, former Supervisor and presently the County Advocate for the mentally ill persons who are Buena Vista County persons, reported that eleven of the Care Facility residents are mentally ill Buena Vista County persons. There are six persons from other counties that are involuntarily committed and reside at the county Care Facility.

Marian McNabb reported that she and her husband have been trying to build a nature trail on the abandoned railroad ground near Linn Grove. They have obtained one deed and have tried to present it to the County Conservation Board. That board has refused to accept it until all the deeds needed for the trail can be presented at the same time. Mrs. McNabb asked the Board to accept the deed so the other needed landowners will then contribute their deeds to the land that is needed for the trail. The Board said that this a Conservation Board's decision to make and that the Supervisors would abide by whatever the Conservation Board's decision might be.

Darel Burns, County Drainage Engineer, reported on the repairs recommended for the joint Drainage District #181. Whereupon it was moved by Burnside, seconded by Vail authorizing the Interim Committee Member, Lorna Burnside, to sign the approval for repairs at sites 86-5, 86-6, 86-7, 86-8, 86-9, and 86-10 at a total estimated cost of \$2,235.00 plus an estimated cost of \$1,000.00 for tree removal. Mr. Burns also informed the Board that he feels that reclassification will be discussed at the public hearing for D.D. #3.

RESOLUTION

It was moved by Gustafson, seconded by Vail that WHEREAS, the payment for county health insurance is presently being taken out of the employees' first paycheck each month, and WHEREAS the pay periods for county employees are being changed to every two weeks, NOW THEREFORE, BE IT RESOLVED that deductions for health insurance be taken out of each paycheck in equal amounts effective July 1, 1986. Ayes--all.

This is an 80/20 plan where the employee pays 20% of each occurrence and with a \$100.00 deductible. This would result in a savings to the county employees of about \$2,000.00 per month. A Control Data Wellness Program was also discussed, as well as a Dental Plan. No decision was reached. It will be discussed again at the next board meeting.

County Attorney Corwin Ritchie instructed the Board on what procedure to follow when dealing with scavenger properties. There are currently 20 properties so classified. There are 42 properties on the tax sale list coming due in June. The county currently holds the tax certificate on 20 of the parcels. The owner will be served a notice. He then has 90 days to redeem. After 90 days the county takes a tax deed and can then dispose of the property. Mr. Ritchie was given permission to get help to proceed with this action.

The Mental Health accounts were then discussed with the County Attorney and referred to him for processing. Mr. Ritchie will have help with this procedure also. Mr. Ritchie also instructed the Board on how to proceed with the condemnation of the Ann Smeltzer land needed for road purposes.

It was moved by Gustafson, seconded by Vail to amend the bridge policy established May 28, 1985 to read as follows: "on unpaved county roads in Buena Vista County, to lower the height of the angle iron rails to approximately 18 inches above the deck on I-beam bridges when requested by a farm operator who cannot take implements of husbandry across the bridge because of a width restriction. In conjunction with the lowering of the railing, double facing hazard markers on swinging cantilevered arms will be placed at the approach corners of the bridge. The site is to be reviewed and approved by the County Engineer and the County Supervisor who represents the district in which the bridge is located prior to placement of the arms.

It was moved by Vail, seconded by Radke to appoint Supervisor Gustafson as delegate and Burnside as alternate on the Committee Against Domestic Abuse (C.A.D.A.) County Domestic Abuse Advisory Board. Ayes--all.

It was moved by Gustafson, seconded by Burnside authorizing the Chairman to sign an agreement with the Northwest Iowa Mental Health Center to provide comprehensive mental health care, to the county and its citizens in accordance with the agreement on file in the county Auditor's office. Mr. Burns explained that a petition had been filed requesting work in the district that lies southwest of Linn Grove. He recommended that the work be done according to his report. The district encompasses about 8,000 acres with about 6,000 acres paying all costs. If it is reclassified, it would cost about fifty (50) cents to one dollar per acre for reclassification costs. The current classification is inequitable and reclassification should occur. Whereupon, it was moved by Vail, seconded by Gustafson, to direct the Drainage Engineer to prepare plans and specifications for reclassification and work to be done. Ayes--all.

Rick Lampe and Gary Christiansen, county conservation, requested permission to employ two part-time persons, and to increase the salary for one employee. Whereupon it was moved by Vail, seconded by Burnside to offer the option of two plans, the current 365 comprehensive or the plan 100, with the payment by the county not to

exceed the single Protector 100 plan plus the single dental coverage plan, both plans to be offered providing 15% of the covered employees want the 365 comprehensive plan. Ayes--all. BOARD OF SUPERVISORS MEETING  
TWENTY-SIXTH MEETING, 1986 SESSION (26)  
June 2, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment at 9:00 A.M., with Chairman Harjes presiding, and with the following other members present: Vail, Gustafson, Burnside. Absent: Radke.

The main reason for this meeting was to discuss roof repair at the Care Facility. Ed Van Veldhuizen and Glen Huntington were present for the meeting.

A serious problem has developed with the Care Facility roof. The present roof is "thin" and needs work done. Sooner or later the roof needs to be replaced. After discussion, it was moved by Burnside, seconded by Gustafson to employ Glen Huntington to inspect the roof and report the condition to the board.

Mr. Huntington made an oral report and will submit a written report on his findings. He is of the opinion that an emergency exists and the roof should be repaired as soon as possible. The Board authorized him to draw a contract for the roof repair. It was then moved by Vail, seconded by Gustafson that an emergency exists and that emergency proceedings be instituted according to Code of Iowa section 384.103(2) and to repair the Care Facility roof on a time and materials basis using Ed Van Veldhuizen to furnish the materials and county employees to make the repairs, to be paid upon completion of the work at a cost not to exceed \$17,500.00. Ayes--all.

Salaries for deputies were discussed but no action taken. They will be discussed at the next meeting.

Meeting was adjourned until Monday, June 9, 1986 at 9:00 A.M. for the official canvass of the Primary Election.

MATT PARROTT &amp; SONS CO., WATERLOO, IOWA 78-0180

It was moved by Burnside, seconded by Vail to approve the request for repair of D.D. #181 at sites 86-16 and 86-15 and to authorize the interim committee member to sign the requests. Ayes--all.

Cathy Cackler, Upper Des Moines, Inc., and Anita Hallquist, County Director of Human Services, presented a copy of the insurance policy covering Work Compensation and employer's liability. After explaining the problem created by an Administrative Ruling, and suggesting a tentative solution to the problem, it was moved by Burnside, seconded by Gustafson to continue the Workfare program with Upper Des Moines, Inc. under the present existing insurance policy, which does not have a clause #2, dealing with the Administrative Rules requirement, and with the assurance that the Agency will continue searching for an insurance policy that meets the Administrative Rules requirement. Ayes--all.

Henry Hardt, an attorney who is assisting the County attorney with the scavenger properties, inquired as to how to proceed with the preparation of the properties for sale. Mr. Hardt will proceed to prepare the Notices to be served.

1:30 P.M. -- The time having arrived for the Public Hearing for D.D. #177. Drainage Engineer Darel Burns and Drainage Attorney Greg Schiller were present for the hearing along with four interested persons. Mr. Harjes opened the meeting and called on Mr. Burns to relate the reasons for the meeting. Mr. Burns submitted a written report and estimated it would cost about \$5,000 to make the repairs. Approximately 1,200 acres are involved. Whereupon it was moved by Vail, seconded by Radke, to accept the engineer's report and to proceed with the repair by hiring Kooiker Construction to do the work at a cost not to exceed \$4,807.52, and that a levy of 360% be made payable October 1, 1986 at no interest, with interest thereafter to be at 10%, and to offer the owners a 3 year waiver plan for payment. Ayes--all.

2:30 P.M. -- The time having arrived for the Public Hearing on D.D. #82. Drainage Engineer Darel Burns and Drainage Attorney Greg Schiller were present along with 12 interested persons. Chairman Harjes opened the meeting and called on Mr. Burns for his report. After hearing the report Auditor Julius read the letters of objection, there being 5 letters on file. Lateral 2 is approximately 710 acres, the proposed improvement involves about 365 acres. The objections totaled about 41.26% of the land in the area. Leslie Burns made an oral report in favor of the improvement. He stated that in 1961 or 1962 he replaced the claytile with concrete tile at his own expense. He presented three letters dating back to 1983 and before showing that this problem has existed for some time. Keith Geyer has a problem that cannot be handled with the existing tile lines. After listening to all the landowners and considering reclassification, it was moved by Radke, seconded by Gustafson that improvements be made in accordance with the engineers report and the petition on file, and that reclassification of lateral 2 be pursued, and that the improvements be made, with the Board reserving the right to reject all bids. Ayes--all.

The Board conducted an on-site inventory of the County Care Facility with the results being as follows:

After further discussion it was moved by Gustafson, seconded by Burnside to amend the motion of June 24th and to concur with the recommendation of the Buena Vista County Conservation Board and grant Gary Christiansen a 6% increase in salary effective July 1, 1986. BOARD OF SUPERVISORS MEETING  
THIRTY-FOURTH MEETING, 1986 SESSION (34)  
AUGUST 5, 1986

The Board of Supervisors of Buena Vista County met pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Burnside.  
Absent: Gustafson.

Minutes of the July 22, 1986 meeting were read and approved.

Darel Burns, Assistant County Engineer, explained the bridge replacement program to the Board. After consideration, it was moved by Burnside, seconded by Vail authorizing the Chairman to sign the Agreement to participate in the Bridge Replacement Program (23 USC 144) Project Number BROS-9011 (3)--8J-11 with an estimated cost of \$350,000.00. Ayes--all.

G. Richard Burr, Mental Health Advocate for Buena Vista County, stated that a correction needs to be made in the Medicaid payments. The State has overpaid slightly. Mr. Burr consults with the Buena Vista County patients.

Clarence Krepps, Storm Lake City Administrator, explained the R.I.S.E. project that is pending. Whereupon it was moved by Radke, seconded by Burnside to authorize the Chairman to sign the agreement with the City of Storm Lake and the Iowa Department of Transportation as follows: 1. That the City of Storm Lake shall be the lead local governmental agency for carrying out the provisions of this Agreement. 2. That the City of Storm Lake and Buena Vista County shall develop the following described RISE project: Div. 1) Sec. 1 - Paving of Expansion Blvd. from Richland Street southeasterly to Radio Road. Sec. 2 - Paving of Expansion Blvd. beginning at a point located approximately 1200' east of Road thence southeasterly to a point located approximately 400' east of Gilbert St. Sec. 3 - Paving of Gilbert St. from Expansion Blvd. southerly to combined U.S. 71/Iowa 7. Div. 2) Paving of County Road between Sec. 35-36, T91N, R37W (See exhibit A) Note: All paving is proposed as a 24' rural section x 8" p.c.c. 3. Eligible project costs, incurred after the date of Commission authorization shall be paid from City and County RISE funds and other local funds. Project funding sources shall be as listed below:

CITY RISE Funds-----	\$216,695
COUNTY RISE Funds-----	173,395

Project Total	\$780,180

4. The portion of the total project costs paid by RISE funds shall not exceed the amount stated above (\$390,090) or 50 percent of the total cost of RISE eligible items, whichever is the smaller amount.  
5. Project activities or costs eligible for RISE funding include only those items shown on Exhibit B attached. 6. Standard agreement provisions and project activities are further described in Exhibit

# BUENA VISTA COUNTY, IOWA

struction of the project has not commenced by the date shown in the timetable, this agreement is null and void and the commitment of RISE funding is revoked. The City and County may request the approval of I.D.O.T. to revise the beginning of construction date. The request must be in writing and be submitted thirty (30) days prior to the date shown in the timetable (see exhibit D). IN WITNESS WHEREOF, each of the parties hereto has executed Agreement No. 86-R-033. This resolution passed unanimously.

It was moved by Vail, seconded by Radke authorizing the County Human Services Director to dispose of the General Relief and Universal files by burning or shredding of all records over 5 years old. Ayes--all.

It was moved by Vail, seconded by Burnside to approve the reports of: June Care Facility and County Farm; July County Board of Health, July mental health billing from Cherokee MHI; July Conservation, Tourism, ADTU, Small Claims, Court Revenue, Soil conservation District Newsletter, ITRAC, Iowa Refugee Service Center, and the survey on dogs. Ayes--all.

County Attorney Corwin Ritchie discussed the Farm Fuels Products situation with the Board.

Nancy Torpey-Jeffries, Local IPS Manager, informed the Board about electrical rate changes. The Iowa Commerce Commission no longer permits rate reduction for governmental agencies, they now have to pay full commercial rates. Mrs. Jeffries suggested going on a demand rate. If the usage stays at the same level, the savings would be about \$4,500.00 per year just by changing the rate structure, which is based on the highest load point over a 15 minute period in the previous month. The Board agreed to this rate change.

Rick Blahauvietz and Steve Afdahl, from Hawkeye Bank & Trust, and Frank Powers, local representative, inquired about the Farm Fuels Products situation. Mr. Afdahl informed the Board that the property has been advertised for sale quite extensively. After lengthy discussion it was moved by Burnside, seconded by Vail to proceed with an auction of the farm fuels property according to Plan #1 suggested by Mr. Afdahl in his letter dated July 31, 1986, which is that all land, buildings and personal property are to be sold to the highest bidder. All net sale proceeds are to be paid to Buena Vista County up to the amount due for taxes. If net sale proceeds fall short of paying all taxes, the tax liens are nevertheless released and buyers receive clear title. This motion carried unanimously. After further discussion it was agreed that the county Attorney would draw up an agreement to be acted upon by the Board at a special meeting to be held on Monday, August 11, 1986 at 9:00 A.M.

It was moved by Radke, seconded by Burnside to suspend taxes in the name of Donald Madsen on Lot 4, Block 57 Storm Lake Corporation. Ayes--all.

It was moved by Vail, seconded by Burnside to comply with the requirements of the Consolidated Omnibus Reconciliation Act of 1985 (COBRA) as stated in the Model statement on file in the County Auditor's office. Ayes--all.

Auctioneers Jim Faust and Mike Smith were employed to handle the auction sale of county property, Saturday, September 6, 1986.

Sue Morrow, Corwin Ritchie and Don Harjes plan to attend a seminar on Care Facilities to be held in Des Moines on Wednesday, August 27, 1986.

The survey of the Care Facility as filed by Charles Tapley, was approved and filed for record with the County Auditor.

Claims were audited and allowed as follows:

BOARD OF SUPERVISORS MEETING  
THIRTY-FIFTH MEETING, 1986 SESSION (35)  
August 11, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Burnside. Absent: Gustafson.

The main purpose for this meeting was to discuss the Farm Fuel Products property. The resolution from the County Attorney was discussed at length. Whereupon it was moved by Burnside, seconded by Vail that Buena Vista County, Iowa and Hawkeye Bank & Trust enter into an agreement for the sale of all land, buildings and personal property previously owned by Farm Fuel Products Corp. on which real and personal property taxes are delinquent, therefore it is agreed by the parties as follows: 1. That the Bank will arrange for a public auction of the real and personal property previously owned by Farm Fuel Products Corp. in Storm Lake, Iowa said sale to be held at a convenient date in September, 1986. 2. That all property shall be sold to the highest bidder free and clear of all taxes and tax liens, including taxes presently due but not delinquent for the tax period July 1, 1986 through June 30, 1987. 3. That the net proceeds of said auction up to a total sum of \$128,750.89 be paid first to County in full payment of all delinquent taxes and taxes now due for the current fiscal year. 4. That all proceeds from the sale in excess of the above amount shall be paid to Bank. 5. That if the net proceeds are less than \$128,750.89, County will accept said amount in full payment of all delinquent taxes and taxes now due for the current tax collection period July 1, 1986 through June 30, 1987. 6. That the real estate sold shall be transferred by deed from Bank and all personal property conveyed by appropriate bill of sale. That this agreement is made pursuant to §445.16, Iowa Code, as a possible compromise of the taxes due on said properties. This motion carried unanimously.

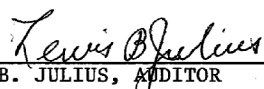

It was moved by Vail, seconded by Radke that the public hearing on the advertised public letting for clean-out work on laterals 3 and 5 for Drainage District #34 to be held at 1:30 P.M., Tuesday, September 2, 1986. Ayes--all.

It was moved by Vail, seconded by Radke to authorize the Chairman to sign estimate #4 and to approve the claim in the amount of \$38,262.42 for Estherville Sand & Gravel for Joint Drainage District #22. Ayes--all.

# BUENA VISTA COUNTY, IOWA

The revisions in the proposed personnel policy were discussed. The personnel policy will be adopted as soon as the revised version is received and approved.

This meeting was adjourned at 10:40 A.M. pursuant to adjournment until Tuesday, August 19, at 9:00 A.M.

## BOARD OF SUPERVISORS MEETING THIRTY-SIXTH MEETING, 1986 SESSION (36) August 19, 1986

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment, at 9:00 A. M. with Chairman Harjes presiding, and with the following other members present: Radke, Gustafson, Burnside. Absent: Vail.

Minutes of the August 5th and 11th, 1986 meetings were read and approved.

It was moved by Gustafson, seconded by Burnside to approve and authorize the Chairman to sign a contract with Christenson Landscaping, Storm Lake, Iowa, for seeding the shoulders on the asphaltic concrete resurfacing projects FM-11(8) and FM-11(9) at the rate of \$250.00 per acre, with FM-11(8) estimated at 3.0 acres per mile and FM-(9) at 2.0 acres per mile. Ayes--all.

It was moved by Gustafson, seconded by Radke to admit one person from Pocahontas County, one from Clay County and one from Calhoun County as residents at the Care Facility as of this date. Ayes--all.

It was moved by Radke, seconded by Burnside to approve the following reports: July Care Facility and County Farm, Court Revenue, and the 1st, 2nd, 3rd, 4th quarters and annual 1985-86 reports of the County Auditor. Ayes--all.

It was moved by Gustafson, seconded by Burnside to approve the application of Mr. & Mrs. Robert Payer to use an existing abandoned telephone pole located on the edge of the road right-of-way near the northeast corner of Lot 3 Ferry's Addition on the north side of section 2-90-37 for the installation of an overhead yard light. Ayes--all.

It was moved by Gustafson, seconded by Radke to approve and authorize the Chairman to sign two claims for Etler Engineering on Drainage District #22. Ayes--all.

It was moved by Burnside, seconded by Radke to approve the applications for Northwestern Bell Telephone Company for placement of 1,200' of new buried cable starting near the southeast corner of section 5-91-36 (Grant Twp.) and extending south approximately 1,200' on the east side of section 7-91-36. Ayes--all.

Barb Krause, Sulphur Springs, inquired about housing assistance. This is available in some locations and is based on an income-need scale. This is not available in Buena Vista County or in the City of Storm Lake. The Board will investigate the possibility of obtaining it through the Northwest Iowa Regional Housing Agency.

The Board was informed that there is an insurance "risk pooling" program available. It does not sound feasible at this time; however, the Board will keep an open mind and investigate the program further.

It was noted that the auction sale for the Farm Fuel Products property will take place on September 17, 1986.

Jean Eckerman was granted permission to attend a computer school in Omaha, Nebraska, October 6-8, 1986. The class is on advanced operations with tuition cost being \$740.00 per student.

Correspondence from Mid-Continental Restoration Co., Inc., Fort Scott, Kansas, concerning the discoloration of the courthouse stone was discussed. Action was delayed pending further investigation of the problem.

Claims were audited and allowed as follows:

## BOARD OF SUPERVISORS MEETING THIRTY-SEVENTH MEETING, 1986 SESSION (37) SEPTEMBER 2, 1986

The Board of Supervisors of Buena Vista County met in regular session pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

Minutes of the August 19, 1986 meeting were read and approved.

Rick Lampe, Gary Christiansen, Margaret Koch, and Russ Neville, representing the Buena Vista County Conservation Board discussed the Linn Grove dam situation. They have obtained a preliminary Engineer's estimate for the repair of the dam. It is approximately the same figure that has been used in previous discussions. Kuehl & Payer furnished the estimate. No money is available from the state conservation commission for the dam repair as no new fishing has been created, it only serves the old fishing area already being used. The Department of Natural Resources will not fund "low head" dam repair as their staff is against it so it would be necessary to get the state commissioners to overrule their employees. Any money obtained would be a loan, possibly interest free but perhaps subject to prevailing interest rates being paid by the state at the time of the loan. The Iowa Natural Heritage Association will loan the money to the county as a 5 year loan, money being obtained from local lenders at whatever rate the state would have to pay. This seems like the only way to go at this time so the Supervisors told the conservation board to proceed with this plan. The bid letting for the repair will probably be about the middle of October.

County Sheriff Duane Heeney stated that the Sheriff's Department is having trouble with one of the 1985 Sheriff's cars. It surges very badly. They may have to use the new "lemon law" to get this corrected. Firestone is no longer in business in Storm Lake so the "lifetime oil change" contract has been cancelled. They will again be paying for servicing their vehicles. Deputy Sheriff Paul Bergman has resigned and it will be at least two months before a replacement can be certified, therefore it was moved by Vail, seconded by Gustafson to authorize the Sheriff to employ a part-time person to serve on a part-time basis at the rate of \$6.00 per hour until such time as a permanent replacement can be employed. Ayes--all. It was moved by Vail, seconded by Gustafson to authorize the County Sheriff to employ a new Deputy with the starting salary to be between \$7.50 and \$8.82 depending upon experience, with the maximum salary for the Deputy to be \$19,708.00 per year (approximately 78% of the Sheriff's salary). Ayes--all.

## SUPERVISOR'S RECORD, No. 17

WATT PARROTT &amp; SONS CO., WATERLOO, IOWA 78-0160

Charles Joss, Sioux Rapids, spoke to the Board as a concerned taxpayer, not as a member of the Sioux Rapids City council. He is concerned about police protection for the City of Sioux Rapids and for the rest of the county. He feels that those cities with contract deputies are not paying the entire cost, for their police protection, therefore, the rest of the county is subsidizing their program. These are his personal views and not necessarily those of the council. The Board will take this under advisement.

Jan Hartwig, Public Health Department secretary, presented the minutes from their August meeting which called for a 30 cents per hour increase in salary for Pat Patten, part-time nurse. Whereupon it was moved by Radke, seconded by Burnside to approve the Board of Health minutes for their August, 1986 meeting. Ayes--all.

It was moved by Gustafson, seconded by Radke, to approve the following reports: August County Board of Health, NWIPDC, ADTU; July county conservation; 4th quarter 1985-86 Child Support Recovery. Ayes--all.

WHEREAS, there now exists a joint exercise of powers agreement known as the Northwest Iowa Regional Housing Authority which is made up of numerous counties and cities in Northwest Iowa, and WHEREAS Buena Vista County hereby agrees to participate in the multi-county housing authority known as the Northwest Iowa Regional Housing Authority and under its direction herein-before established pursuant to Chapter 28E of the 1980 Code of Iowa as amended. NOW, THEREFORE, in consideration of the mutual promises, covenants and conditions as set forth in 28E Agreement of Joint exercises and powers for multi-county housing which was signed on the 21st day of March, 1979, and which is made a part hereof by reference and which is on file in those counties participating in said Agreement and with the Secretary of State's office of Des Moines, Iowa, Buena Vista County hereby agrees to join with the other cities and counties in the 28E Agreement, heretofore referred to and further agrees to join with the Northwest Iowa Regional Housing Authority and its members for purposes of participating in and abiding by the terms and conditions of said 28E Agreement as on file and incorporated in this Agreement by reference. The purpose of this Agreement for Buena Vista County is to join the unified action of local governments in the Region III Area to develop solutions to the multi-county housing, low income housing problem as set forth in their existing 28E Agreement which has already been established and which this county was not a part of at the time of formation of said agreement to participate. The original 28E Agreement dated the 21st day of March, 1979, provided for its amendment from time to time by mutual consent of all the parties and the Northwest Iowa Regional Housing Authority being the organization formed as a result of the 28E Agreement does hereby consent through its signature hereto to permit Buena Vista County to join said Northwest Iowa Regional Housing Authority and said county by its signature hereto agreed to abide by all the terms and conditions of said Northwest Iowa Regional Housing Authority as established by their 28E Agreement on the 21st day of March, 1979. This resolution carried unanimously.

It was moved by Burnside, seconded by Vail, to appoint Ray Kurtz as the representative on the Northwest Iowa Regional Housing Authority Board for Buena Vista County. Ayes--all. Howard Hogan, representing ISAC, presented an ISAC sponsored Wellness program. He stated that health care costs continue to rise about 15-18% per year. The Staywell program is designed to help a healthy person stay healthy and therefore reduce health care costs and absenteeism. It is a 3 phase program. The first phase is EAR - to help employees with a wide variety of programs, both personal and work related that may interfere with productivity, through counseling and is available 24 hours per day through use of a WATS line. The second phase is a health news magazine. The third phase is a health risk profile, working with the County Nurse to provide a family health history to be analyzed, using a blood sample. The cost is \$38.25 per employee with ISAC contributing \$50.00 per subscriber providing 50% of the subscribers participation in the program. The \$38.25 is paid to Control Data for use of the program. The other money is spent locally as seen fit for health purposes. It was moved by Burnside, seconded by Gustafson, to participate in the ISAC "Health Now" program for a one year period. Ayes--all.

The question of what to charge the State for the use of the computer by the Clerk of Court for Fiscal year 1987-88 was raised. The Board will investigate what other counties are charging the state before setting a fee.

Frank Lorch, IDS representative asked about establishing a "457" Government Deferred Compensation plan. The Board decided not to sponsor such a program at this time.

Jim Eaton and Chuck Kronaizl, representing Olson-Eaton-Svendson Insurance inquired about insurance coverage for the county. They would like a chance to bid if there is to be a bid. The Board will discuss this further before deciding on what course to follow.

It was moved by Radke, seconded by Vail, to approve the following reports: August small claims, Court Fees, Clerk's fees, Tourism, Care Facility review committee, Care Facility, County Farm, County Conservation; September County Conservation; 1985-86 Fiscal year County Conservation; the sliding fee scale for the Homemaker, Home Health Aide, Skilled Nursing, and health maintenance services; and the report on Mental Health accounts. BOARD OF SUPERVISORS MEETING  
FORTY-FIRST MEETING, 1986 SESSION (41)  
September 30, 1986

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside.

Minutes of the September 12, 16, 23 meetings were read, corrected and approved.

It was moved by Gustafson, seconded by Radke to approve the application for Military Tax Credit for Monica Golden on Lot 12, Block 76 Storm Lake Corporation for taxes due in fiscal year 1986-87. Ayes--all.

Henry Hardt, an assistant County Attorney, consulted the Board concerning the mental health accounts that were being processed. Six of the persons have moved out of the state and the amount due is so small that they are not worth pursuing. Forty-one accounts have been filed with the Clerk of Court. These persons now have 20 days in which to make an appearance and answer at small claims court. If they do not appear or file an answer the county will then get a default judgement against these persons. These judgements can then be used at any time in the future when such person may acquire any financial means. The Board of Supervisors can dismiss the action within the 20 day period if they determine that such action is warranted. After the 20 day period the Court takes jurisdiction of the case. The Board instructed Mr. Hardt to listen to all persons desiring to be heard to determine if further compassion would be in order.

Steve Stille, representing Stille, Pierce and Pertzborn Insurance Company, stated that their company would like consideration if the county is going to obtain bids for county insurance coverage. After much discussion and consideration there was a consensus of the Board that due to the instability of the insurance market, Buena Vista County will continue with I.S.A.C. coverage until the insurance industry stabilizes.

Darlene Peterson, County Nurse, reported that the audit completed by the Iowa Department of Public Health, Public Nursing Section, disclosed two discrepancies, that have now been corrected. This covers the work done by the department for fiscal year 1985-86.

It was moved by Gustafson, seconded by Vail to approve the September report for ADTU and the Recipient Account Statement on Federal Revening Sharing. Ayes--all.

It was moved by Burnside, seconded by Vail authorizing the Chairman to sign the "Health Now" agreement with the Iowa State Association of Counties for fiscal year 1986-87. Ayes--all.

It was moved by Gustafson, seconded by Burnside to pay for hearing aids for two children from the same family (T.P.-9-30-86) using Buckingham estate Trust Funds. Ayes--all.

It was moved by Radke, seconded by Vail to approve payment of a claim on D.D. #22 for estimate #5 in the amount of \$19,253.81. Ayes--all.

Mike and Sue Morrow presented an agreement for the leasing of the Care Facility as a private Non-profit corporation, with the new facility to be known as Spectra Health Care, Inc. This agreement is contingent upon approval from the Social Security Administration and the Iowa Department of Human Services for the use of SSA and SSI funds. After further discussion, it was moved by Gustafson, seconded by Radke authorizing the Chairman to sign an agreement with Spectra Health Care, Inc., Storm Lake, a copy of the agreement being on file in the County Auditor's office and is effective from December 1, 1986 until December 31, 1987, this is to operate a residential care unit. It was moved by Vail, seconded by Radke not to read the Anderson bid as it did not meet specs. Ayes--all. After considering all the other bids and finding them all in order, it was moved by Gustafson, seconded by Burnside to accept the low bid of Puhrman Construction Co., Havelock, Iowa for Project #DD 3-86-1 in the amount of \$42,664.13 and to retain the checks of all the bidders until the contract is signed and the bond furnished and approved. Ayes--all.

Ron and Craig Neulieb, representing Controls Systems, and Darrell Nunn, Burroughs representative approached the board on air-conditioning the computer room. The room should be 68°-74° for maximum efficiency. A water cooled unit would be expensive to operate in Storm Lake. They recommend an air processed cooler for cooling and controlling the humidity in the computer room. This would be installed by a local contractor. A 3 ton unit is recommended which would occupy a space 41"x61"x17". After discussion it was moved by Vail, seconded by Burnside to purchase a 300 Upflow Air Conditioner with options and 4 year compressor warranty for a total cost of \$10,160.00, and to have Control Systems install the unit. BOARD OF SUPERVISORS MEETING  
 FORTY-SIXTH MEETING, 1986 SESSION (46)  
 NOVEMBER 18, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment, at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside. Also present for this meeting was newly elected Supervisor Bob Rehnstrom, to observe the afternoon session.

Janet Rosenbrook and Nina Roberts, County Treasurer's office, explained the pending litigation concerning a car title. The case comes to court on December 2, 1986.

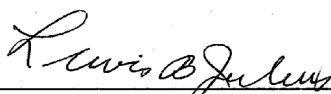

The morning session concerned mostly the problems of the County Engineer.

It was moved by Burnside, seconded by Gustafson to accept as satisfactorily completed as of this date, the private contract of Wirtjers Trucking, Sac City, Iowa for 1986 maintenance graveling in the Newell Township area. Ayes--all.

It was moved by Vail, seconded by Burnside to purchase a used Bell & Howell microfilm camera from The Office Technology Experts, Lincoln, Nebraska, at a cost of \$2,000.00, and a used reader at a cost of \$200.00. This includes training an operator and a 30 day warranty from the time of first usage. Ayes--all. This action was taken following a demonstration of new and used equipment by Rex Lamb, representing that company.

Craig Neulieb and Ron Neulieb, representing Energy Systems, said there is no easy way to get started on their program without spending a considerable sum of money. The present system operates on a "constant discharge" temperature. There should be a "demand" control with a "day-night" regulator. The initial cost would be \$11,780.00 with a total cost of \$38,150.00 for the complete package.

Chairman Harjes adjourned the meeting at 4:00 P.M.

BOARD OF SUPERVISORS MEETING  
 FORTY-SEVENTH MEETING, 1986 SESSION (47)  
 NOVEMBER 25, 1986

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside. Also present was newly elected Supervisor Rehnstrom.

Minutes of the November 10, 11, and 18, 1986 meetings were read, corrected and approved.

It was moved by Radke, seconded by Gustafson to purchase the following Henke truck snow plow equipment from Swaney Equipment Company, Fort Dodge, Iowa: 2 MDW-9 truck wings with Senotex coating; 2 HDV9.3 V-plows; 2 Indiana Expressway plows 12' with Senotex coating and enclosed spring trips for a total cost of \$29,664.00 F.O.B. Waverly, Iowa mounted on our trucks. Ayes--all.

Ray Kurtz, County Sanitarian, discussed the inspection of Buena Vista County restaurants and food vending machines. They would be licensed by the state but the county would do the inspections for a fee. This would be under the supervision of the county Board of Health and would mean a little additional revenue for the county. Whereupon it was moved by Vail, seconded by Burnside to authorize the county to contract with the State Department of Health for inspection of the county restaurants by the county Sanitarian or his designee. Ayes--all.

Bob Cayler, representing Iowa State Prison Industries, discussed the products made by the prisoners that are for sale to public institutions. This program is not tax supported but is supported by the revenue received from sales. It does give training and rehabilitation possibilities to the prisoners. There are four programs, Mitchellville has screen printing; Fort Madison has furniture and upholstery, Anamosa had traffic signs and license plates and custom woodworking, Mount Pleasant has prison uniforms and clothing. The county has purchased some furniture and signs in the past. The Board thanked Mr. Cayler for the presentation.

It was moved by Gustafson, seconded by Burnside to appoint Mrs. Ruth Tucker as the Buena Vista County representative on the Cherokee Mental Health Advisory Committee as the replacement for Mrs. Carol Burr who resigned. Ayes--all.

An Order was received from Judge McDonald appointing Mrs. Ruth Tucker as Advocate for Buena Vista County on mental health cases. Ayes--all.

Tania Gutz, representing the Human Services Department, reported on the "Adopt a Family" program that the Human Services department is sponsoring this year. The response to this has been outstanding. Thirty-nine families, 90 children under the age of 18, and 23 Senior citizens have been the recipients of the program to date.

It was moved by Radke, seconded by Gustafson that the public hearing on the acceptance of the Estherville Sand & Gravel contract for lateral #5, of Drainage District #34 be held at 1:30 P.M. on December 23, 1986 in the Public Meeting room of the Buena Vista County Courthouse. Ayes--all.

A final accounting report on the auction sale of the former Farm Fuel Products property in Storm Lake, Iowa was received from Hawkeye Bank & Trust, Spencer, Iowa. After discussing at length it was moved by Vail, seconded by Gustafson to accept \$41,350.09 for the sale of parcels #6229.00, 6229.10, 6966.00, 6966.50 shown in the name of Farm Fuel Products Company, as full and complete settlement of all delinquent and current taxes due on said property. The above resolution passed unanimously.

# BUENA VISTA COUNTY, IOWA

It was moved by Gustafson, seconded by Vail to approve the following reports: November Board of Health, County Conservation, and Care Facility Care Review Committee. Ayes--all.

It was noted that an oversight occurred and that Karen Strawn had completed 5 years of employment on May 1, 1986. She was therefore entitled to longevity pay on that date. Whereupon it was moved by Gustafson, seconded by Vail that she receive longevity pay in the amount of 10.00 per month retroactive to May 1, 1986. Ayes--all.

It was moved by Vail, seconded by Gustafson that the new Buena Vista County Personnel Policy be adopted this date with an effective date of December 1, 1986 for both exempt and non-exempt employees. Ayes--all.

It was moved by Radke, seconded by Vail that the new Job Descriptions for Buena Vista County Employees as are on file in the County Auditor's office be adopted this date with an effective date of December 1, 1986. Ayes--all.

Control Systems Specialists submitted their proposal in a step format. This will be studied and given consideration and then discussed at the next meeting.

County Sheriff Duane Heeney informed the Board that Jailer Waldo Willeford has been off work since October 7, 1986 and that he is claiming that his old injury is still bothering him. He has applied for temporary social security. The Board should request a report on his current medical condition to determine the possibility of his returning to work.

A letter requesting the payment of computer costs for the Clerk's office has been sent to the Court Administrator.

Claims were audited and allowed as follows:

## SUPERVISOR'S RECORD, No. 17

WATT PARROTT &amp; SONS CO., WATERLOO, IOWA 76-0160

Roger Botine, Chairman of the Buena Vista County Compensation Board, made a few comments before presenting the Compensation Board's recommendations for elected officials salaries for fiscal year 1987-88. Mr. Botine feels that the elected officials are outstanding and are very much underpaid for the work they are doing. The Supervisors agreed that the officials do their job well but questioned the increases in light of economic conditions in the area. After accepting the Compensation Board's recommendation. Chairman Harjes asked the Board if they were ready to take action at this time. After further consideration, it was moved by Vail, seconded by Radke, that the proposed salary increases be cut 100%. The vote on this motion was: Ayes: Vail, Radke, Burnside. Nays: Gustafson. The motion carried, thus in effect freezing the elected officials at the 1986-87 level.

It was moved by Gustafson, seconded by Vail to employ Jan Stephan in the County Recorder's office on a part-time basis at a salary of \$4.50 per hour, as requested by the County Recorder. Ayes--all.

An evaluation of the County Park was performed by the insurance inspector and several recommendations were made. The letter of evaluation was given to the County Conservation Board for their action.

Magistrate Judge James Schall has agreed to administer the "oath of office" to the newly elected Buena Vista County officials on Monday, January 5, 1987 at 9:30 A.M. in the Court Room of the Courthouse.

It was moved by Gustafson, seconded by Burnside to apoint the following Township Trustees to fill vacancies until the next General Election:

Hayes Township Trustee: John Massop.  
Maple Valley Township Trustee: Max Taber  
Washington Township Trustee: Dwayne Stille.

The vote on this motion was: Ayes--all. It was also noted that Gilbert Wilkens had been elected Grant Township Trustee for an unexpired term ending 12-31-88 and had not been notified due to an oversight.

BOARD OF SUPERVISORS MEETING  
FORTY-NINTH MEETING, 1986 SESSION (49)  
December 16, 1986

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Gustafson, Burnside. Absent: Vail.

The main purpose of this meeting was for the discussion of secondary road programs and other miscellaneous items.

A motion was made by Radke to grant retroactive longevity to County Communication Center employees from the date of first employment at the established rates for county employees under the jurisdiction of the Board of Supervisors. This motion died for lack of a second.

A motion was then made by Burnside to grant longevity pay to the Communication Center employees from date of the first hiring, to become effective January 1, 1987 with no retroactive payment accrued. This motion died for lack of a second. After further discussion this matter was tabled until a full Board is present.

County Sheriff Duane Heeney and Chief Deputy Don McClure discussed the letter they submitted to the Board of Supervisors concerning the Communication Center. Sheriff Heeney stated that they need a permanent record for their Sheriff's log. The month of October was missing on diskette but they do have a permanent computer paper record. After further discussion it was moved by Gustafson, seconded by Radke, to instruct the Communication Center Supervisor to comply with the request made by the County Sheriff in his letter to the Board of Supervisors dated December 2, 1986. Ayes--all.

In regards to the agreement received from Crawford County and the letter from the Hoffman Agency in Denison, it was felt that a written agreement with Crawford County was not needed at this time as all of the damage done by their prisoner under the custody of the Buena Vista County Jail has been paid for to date by Crawford County.

Chairman Harjes adjourned the meeting at 2:00 P.M. until Tuesday, December 23, 1986 at 9:00 A.M.

BOARD OF SUPERVISORS MEETING  
FIFTIETH MEETING, 1986 SESSION (50)  
DECEMBER 23, 1986

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment, at 9:00 A.M. with Chairman Harjes presiding, and with the following other members present: Radke, Vail, Gustafson, Burnside. Bob Rehnstrom, Supervisor-elect, was also present for the meeting.

Minutes of the December 9th and 16th, 1986 meetings were read and approved.

It was moved by Gustafson, seconded by Burnside authorizing Jesse McCoy to attend the school for restaurant inspectors at county expense, school starts January 5, 1987 and will be for approximately two weeks. Furthermore, they moved to concur with the local Board of Health and County Sanitarian to employ Jesse McCoy on a part-time basis as a restaurant inspector starting January 5, 1987 at the rate of \$4.50 per hour for 10 hours a week while attending school, and at the rate of \$4.50 per hour for hours worked starting January 26, 1987. The Auditor was asked to poll the Board with the results being as follows: Ayes--Gustafson, Burnside, Harjes. Nays--Radke, Vail. The motion carried.

Darel Burns, County Drainage Engineer, discussed the resolution for bounty on Beavers trapped by natural streams where it affects a drainage district outlet. After discussion, the drainage resolution was tabled indefinitely. It was moved by Gustafson, seconded by Radke approving the payment of claims for D.D. #22. Ayes--all.

It was moved by Vail, seconded by Burnside authorizing the Chairman to sign Change Work Order #1 for D.D. #106. Ayes--all.

It was moved by Vail, seconded by Burnside to accept the Engineer's report on D.D. #106 and authorize a public hearing to be held on the report on Tuesday, January 27, 1987 at 1:00 P.M. in the Public Meeting Room of the Buena Vista County Courthouse. Ayes--all.

It was moved by Gustafson, seconded by Radke to accept the Engineer's report on D.D. #34 tree cutting contract as satisfactorily completed and to authorize payment. Ayes--all.

# BUENA VISTA COUNTY, IOWA

Communication Center employees Denise Kleen, Myron Nourse and Jeff Feldick were present for a meeting with the County Sheriff and Board of Supervisors but the Sheriff sent word that he would be unable to attend the meeting. Miss Kleen had a prepared statement that said that the Sheriff would not be satisfied until he has control of the Communications Center in her opinion. She feels that it is time to put their differences aside and work together. Eight communications centers in the area presently have television and radio. The Sheriff's office also has television, VCR and stereo radio. The Sheriff's office presently has less than 20% of the total traffic of the Communications Center. She then submitted a list of things she would like to talk to the Sheriff about. Myron Nourse stated that they tried to comply with the Sheriff's requests but were not informed properly as to what was wanted. Whereupon it was moved by Radke, seconded by Burnside that the action taken at the December 16, 1986 Board of Supervisors meeting in regards to the County Sheriff's letter dated December 2, 1986 be rescinded in its entirety. On roll call vote the results were: Ayes--Radke, Harjes, Burnside. Nays--Gustafson. Abstain--Vail. The letter has been rescinded.

Darlene Peterson, County Public Health Nurse, reviewed the Board of Health minutes. After discussion it was agreed that the Board of Supervisors would meet with the Board of Health on Wednesday, January 14, 1987 at 7:00 P.M. in the Public Meeting Room of the Buena Vista County Courthouse.

It was moved by Radke, seconded by Vail to approve purchasing additional insurance coverage on building and contents, with the provision that the increase could be cancelled if the premium seemed excessive. Ayes--all.

It was moved by Radke, seconded by Vail not to approve the December county conservation report, and to approve the following reports: December Board of Health and office staffing reports, December tourism, and first quarter 1986-87 Child Support Recovery report. Ayes--all.

It was decided to purchase Public Officials Errors and Omissions insurance with a \$5,000.00 deductible and a \$1,000,000.00 loss limit, and to purchase Sheriff's liability insurance.

1:30 P.M. -- The time having arrived for the public hearing on lateral 5, D.D. #34. Greg Schiller, Drainage Attorney was present for the hearing, but no other interested persons. Darel Burns, Drainage Engineer, explained and filed his report. Whereupon it was moved by Vail, seconded by Radke to accept the report as filed and to accept the contract as satisfactorily completed as of this date and to make final payment after 30 days. Ayes--all.

Ferne Frederiksen, County Recorder, appeared to discuss the starting salary of her new part-time employee. She feels that the salary is justified due to experience. The Board concurred.

It was moved by Gustafson that the part-time employee in the County Auditor's office be terminated as of January 1, 1987. This motion died for lack of a second.

An auditing committee composed of Jim Gustafson and Lorna Burnside was appointed to count the cash in the Treasurer's office as of 5:00 P.M., Wednesday, December 31, 1986.

There will be a meeting at 9:00 A.M., Tuesday, December 30, 1986, with a scheduled dinner meeting with the Farm Bureau at Ken-A-Bob at 11:30 A.M.

Claims were audited and allowed as follows:
