Cathy Cackler and Darlene Wise, representing Upper Des Moines, Opportunity, Inc., presented a report covering their activities during the last year and their request for their 1987-88 budget. The request is for \$15,143.00 for 1987-88. This is an increase of \$2,002.00 over this year's budget. The Board will consider the request when discussing budgets.

Norman Lund and Roger Sievers reported on the costs of the weed program for last year. Further action was delayed until considering the weed Chemical Quotes on February 17, 1987.

Darlene Peterson, County Public Health Nurse, discussed the minutes of the Local Board of Health and the report of the HomeMaker/Home Health Aides program. These will be given further consideration. Keith Arends, Tom Oswald and Arlin Hinkeldey, representing the Buena Vista County Soil Conservation District reported that the 1985 Farm Bill states that 30,000 acres of Buena Vista County soil are highly erodible and need to be planned by 1990 and treated by 1995 to comply with the farm program. They presently can handle about 5,000 acres per year with rotation and contouring. The Conservation District is requesting \$3,000.00 to be allocated for their use during fiscal year 1987-88. This is to assist in the work to be done as they are short one full-time staff person. This will be given further consideration when discussing budgets.

Rose Haar, Director of the Regional Transit Authority, requested inclusion in the 1987-88 county budget in the amount of \$2,854.63 as Buena Vista County's share for capital improvements. This will be given further consideration when discussing budgets.

**BOARD OF SUPERVISORS MEETING
FOURTH MEETING, 1987 SESSION (4)
JANUARY 27, 1987**

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment, at 9:00 A.M. for the main purpose of discussing the County Engineer's program and to hold a public hearing for Drainage District #106. Chairman Vail presided with the following members being present: Harjes, Rehnstrom, Gustafson, Burnside.

County Recorder Ferne Frederiksen inquired about Veteran's Affairs matters. The Board informed her that they were justified in denying the claim.

Mrs. Frederiksen will contact the micro-film company as to the fact that the county needs a person trained so that she can proceed to micro-film the County's important records as soon as training is completed.

There is a vacancy on the county zoning commission for Nokomis and Washington Townships Supervisors Rehnstrom and Gustafson will try to find someone to fill the vacancy.

It was moved by Gustafson, seconded by Burnside that in order to correct an erroneous assessment made on Parcel #12019.00 known as the Whitney pit, the County Auditor is hereby authorized to issue a certificate of adjustment to abate the taxes for the current year. Ayes--all.

Jerome Loving, President of the Albert City Threshermans & Collectors Association, submitted a letter requesting a people pathway under Highway M-54 approximately 3/4 mile north of the intersection with highway C-29. This was discussed at length and will be researched further as to the cost and feasibility of installing a walkway.

The motions made December 16, 1986 but not passed, regarding longevity pay for Communication Center employees, were discussed. After reviewing and discussing the motions at length, it was moved by Burnside, seconded by Harjes to grant longevity pay to the Communication Center employees governed by the Buena Vista County non-exempt personnel policy (this does not include the Communication Center Supervisor) with the pay being computed from the date of first employment with no retro-active pay, but with payment to start with and include the January 1987 payroll. This motion carried unanimously.

SUPERVISOR'S RECORD, No. 17

needed. He was instructed to include the request in his budget proposal. Sheriff Heeney also submitted a list showing the overtime hours worked by his department since July 1, 1986. This amounts to \$8,390.20 paid for overtime. He also recommended that his deputies be granted longevity. This will be investigated further before a decision is reached. It was noted that a lawsuit is pending to decide if one jailer should have been paid as a deputy.

Ted VanGrootheest, County Assessor, discussed his preliminary budget. His Public Hearing is scheduled for next Tuesday.

D.D. #106

1:30 P.M. -- The time having arrived for the Public Hearing for Drainage District #106. Drainage Attorney Greg Schiller and Drainage Engineer Darel Burns were present for the hearing. No other persons were present. Drainage Engineer Burns presented his final report and stated that the job had been completed satisfactorily. Whereupon it was moved by Gustafson, seconded by Rehnstrom to accept the Engineer's report and accept the work as being satisfactorily completed as of this date and authorize final payment to be made. Ayes--all.

It was moved by Rehnstrom, seconded by Gustafson to establish 9% as the rate to be paid during 1987 on all stamped warrants and Drainage District waivers, effective as of this date. This motion carried unanimously.

A letter was received from Steve Roth, acting on behalf of the Casino Beach paving Committee inquiring as to what action had taken place regarding paving at Casino Beach, and what effect new zoning regulations might have on the project. The County Engineer will contact Kuehl & Payer to have them submit a proposal for the work requested to be done at Casino Beach.

Sally Grunig, County Treasurer, discussed some problems relative to her office. This will be discussed again at the next Board meeting.

Chairman Vail adjourned the meeting at 3:25 P.M. until 9:00 A.M., Tuesday, February 3, 1987.

BOARD OF SUPERVISORS MEETING
FIFTH MEETING, 1987 SESSION (5)
FEBRUARY 3, 1987

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment at 9:00 A.M., with Chairman Vail presiding, and with the following other members present: Harjes, Rehnstrom, Gustafson, Burnside. Minutes of the January 19th and 27, 1987 meetings were read & approved.

Darel Burns, County Drainage Engineer, referred to a letter that had been sent to all the Auditors involved with D.D. #16-30-92 in which he mentioned that all drainage records should be returned to the controlling county for safe keeping at their courthouse. All the engineers doing work for the joint drains will be notified of this action.

Leesa McNeil, Court Administrator for the 3rd Judicial district, and Donna McPherrren, Buena Vista County Clerk of Court, discussed the costs for the use of the computer by the Clerk of Court. These are to be paid by the State of Iowa. The original amount billed was \$10,400.00 for one year's use. They felt that this was too high. LEWIS B. JULIUS, AUDITOR

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING TENTH MEETING, 1987 SESSION (10) FEBRUARY 27, 1987

The Board of Supervisors of Buena Vista County met in special session pursuant to adjournment at 9:00 A.M. for the main purpose of conducting a scavenger auction sale. Chairman Vail presided with the following members present: Harjes, Rehnstrom, Burnside. Supervisor Gustafson was absent in order to attend a mental health meeting in Spencer, Iowa.

Chairman Vail called the meeting to order so that Assistant County Attorney Henry Hardt could explain the procedure to be followed in conducting the scavenger auction. No taxes are due until July 1st and will be for the 1987-88 taxes. All sales are subject to approval by the Board of Supervisors. The County can give no greater title than it has. Therefore if a parcel of property has other types of tax liens against it, has defects in the title where the property was improperly conveyed by a previous owner, or for some other reason has a defect in the title, the County cannot be responsible for any of these defects. Therefore the county conveys title by Quit Claim Deed rather than warranty deed. There may be defects in the legal title unknown to the county. The property does not include an Abstract of Title. Possession will be given as soon as the title can be conveyed. The terms are net cash. The purchaser will be required to pay the Recorder's fee and the Transfer fee.

Phil Havens, Attorney, and Cliff Lee inquired about buying the property formerly owned by Mr. Lee by paying all existing costs on the property prior to the auction. They wanted to negotiate rather than have it sold at auction. The Board used to have to sell at auction but they can now have a private sale according to the Iowa Code. Mr. Lee was prepared to pay all the costs. Whereupon it was moved by Harjes to go along with Mr. Lee and sell the parcel at costs. This motion died for lack of a second. After further discussion the Board agreed by consensus that this parcel would be sold at auction to avoid all complications.

10:00 A.M. -- The time having arrived for the public auction of ten parcels of Buena Vista County scavenger property. Due to the noise in the foyer and the size of the crowd, the auction was moved to the second floor public meeting room. County Auditor Julius stated the guidelines to be followed in conducting the auction and Chairman Vail conducted the bidding. Upon completion of the sale the Board reconvened to approve the sale of each parcel. Whereupon it was moved by Burnside, seconded by Rehnstrom that the following ten (10) parcels be sold to the highest bidder for the price listed and that the County Auditor be authorized to issue certificates of adjustment for each parcel for the difference between the amount paid and the taxes due. The next taxes due will be for the 1987-88 fiscal year. The ten parcels are as follows:

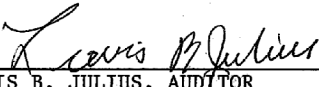

PARCEL	PURCHASER	AMOUNT SOLD FOR
#1 (tax sale certificate #1524)	Sioux Rapids Fire Protection Agency	\$ 100.00
#2 (tax sale certificate #1547)	Cliff and Janice Lee	300.00
#3 (tax sale certificate #1504)	Denise Wise	25.00
#4 (tax sale certificate #1503)	Jon Steward	10.00
#5 (tax sale certificate #1505)	Jon Steward	2.50
#6 (tax sale certificate #1506)	Jon Steward	2.50
#7 (tax sale certificate #1507)	Thane Brown	5.00
#8 (tax sale certificate #1550)	Needra Ripke	1,300.00
#9 (tax sale certificate #1523)	Sioux Rapids Fire Protection Agency	100.00
#10 (tax sale certificate #1522)	Sioux Rapids Fire Protection Agency	100.00

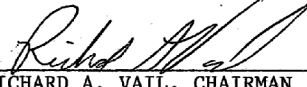

The legal descriptions for the above parcels are on record in the County Auditor's office. This motion carried unanimously and the resolution was adopted on February 27, 1987.

SUPERVISOR'S RECORD, No. 17

It was moved by Harjes, seconded by Burnside to employ LaDonna Brummer in the County Treasurer's office starting March 2, 1987 at a salary of \$4.50 per hour with an evaluation of her work to be done at the end of the first 6 months. Ayes--all.

The Board adjourned at 12:20 P.M. until Monday, March 2, 1987 at 9:00 A.M.

BOARD OF SUPERVISORS MEETING
ELEVENTH MEETING, 1987 SESSION (11)
MARCH 2, 1987

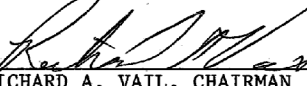

The Board of Supervisors of Buena Vista County met in special session, pursuant to adjournment at 9:00 A.M. for the purpose of discussing budgets for the 1987-88 fiscal year. Chairman Vail presided with the following other members being present: Harjes, Rehnstrom, Gustafson, Burnside.

County Engineer Don Linnan and County Auditor Lew Julius explained the changes that had been made and proposed other changes in the budgets. They asked how the Revenue sharing monies should be used in this budget. After making numerous other changes and allocating Revenue Sharing monies in the amount of \$274,505.00 for expenditure in the Mental Health budget, it was moved by Gustafson seconded by Harjes to approve the proposed 1987-88 budget as presented and amended, and to authorize the County Auditor to publish the Notice of Public Hearing on the proposed 1987-88 budget for Buena Vista County in the official Buena Vista County newspapers of March 11 and 12, 1987, with the public hearing to be held on Thursday, March 26, 1987 at 10:00 A.M. in the Public Meeting Room of the Buena Vista County Courthouse. BOARD OF SUPERVISORS MEETING
TWELFTH MEETING, 1987 SESSION (12)
March 3, 1987

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment, at 9:00 A. M. with Chairman Vail presiding, and with the following other members present: Harjes, Rehnstrom, Gustafson, Burnside.

Minutes of the February 10, 17, 18 and 20, 1987 meetings were read and approved.

Rollin Sievers, custodian, inquired about purchasing an air filter for the employees' coffee break room to filter the cigarette smoke out of the air. This would cost approximately \$400.00. After considerable discussion, it was moved by Gustafson, seconded by Harjes, to ban smoking in the coffee break room (employee's lounge) effective this date, with smoking to be limited to other designated areas. Ayes--all.

Darel Burns, County Drainage Engineer, submitted and explained a report on D.D.#123. It should be repaired, but a formal hearing expense may not be needed if an informal hearing would satisfy the landowner. The landowner will be contacted before making a decision.

A letter was received from Don Etler requesting an extension on filing the Commissions report on D.D.#150. After discussion and noting a letter received from Pocahontas county that they had concurred, it was moved by Burnside, seconded by Harjes, approving an extension to April 1, 1987, for filing the Commissioners report. Ayes--all.

Duane Heeney and Patricia Mack, Sheriff's Department, submitted a report on the amount of sick leave due one jailer. Deputy Mack submitted a request for an increase in pay. She feels that she should receive pay equal to the other deputies. The Board inquired about the job description for her job as a civil deputy. This will be given further consideration when salaries are discussed at a later date.

It was moved by Burnside, seconded by Gustafson, authorizing the County Treasurer to deposit the final Federal Revenue Sharing check in the amount of \$3,982.00 in the First Federal Savings & Loan, Storm Lake, maximum yield account. Ayes--all.

It was moved by Harjes, seconded by Burnside authorizing the County Engineer to purchase from the Motorola Company, replacement radio equipment in the amount of \$20,296.00. Ayes--all.

It was moved by Burnside, seconded by Rehnstrom, authorizing the Chairman to sign the quotes for weed chemicals taken on February 17, 1987. Ayes--all.

It was moved by Gustafson, seconded by Burnside, authorizing the Chairman to sign the contracts

BUENA VISTA COUNTY, IOWA

It was moved by Rehnstrom, seconded by Gustafson, to approve the February ADTU report, and to approve the February Board of Health report with the exception of all sections dealing with salaries, these will be discussed at a later date. Ayes--all.

It was moved by Harjes, seconded by Rehnstrom, to authorize Kuehl & Payer Ltd. to proceed with steps 1 and 2 of their proposal for possible paving at Casino Beach at a cost not to exceed \$4,500.00. Ayes--all.

Darlene Peterson, County Nurse, reported on the "Wellness Program" with the meetings scheduled for March 4 and 5 for orientation, and on March 25th for screening. This is for all county employees and their spouses. The space needed for the County Sanitarian was also discussed.

Jerry Edwards, Manager of the Storm Lake newspapers, informed the Board that starting Saturday, March 7, 1987, both newspapers, those published Saturday and Wednesday, would henceforth be known as the Storm Lake Pilot-Tribune, therefore legals can now be published in either paper.

It was moved by Gustafson, seconded by Burnside, authorizing the County Treasurer, to employ Renee Sand in the Treasurer's office starting March 16, 1987, on a part-time basis at a salary of \$4.50 per hour. Ayes--all.

Three state investigators are working on a problem in the Treasurer's office regarding reported mileage on a used vehicle. This is still under advisement.

The state field auditors arrived Monday, March 2, 1987, to conduct the 1985-86 annual audit.

County Treasurer Sally Grunig informed the Board that the Code of Iowa permits charges to be made when anyone requests information as to the amount of taxes due on property other than their own. She wondered if the Board wanted to do this. This will be discussed in more detail as to the policy the Board wants to pursue.

Ermadee Meyer, representing Prudential Insurance, inquired about contacting county employees regarding a payroll deduction program for an individual life insurance plan or payroll budget plan for county employees. The Board gave her permission to contact department heads to see if they would grant permission to contact individual employees during work time or only after work hours.

County employees Jean Eckerman, Shirley Johnson, and Jan Hartwig asked the Board about how holiday pay is to be computed and recorded on the computer. The Board decided that it should be accrued on the employee's anniversary date, but that it can be used only after completing the work year. They then have the following year in which to use it. If employed by the 15th of the month or before, it will be credited in the anniversary month; if employed on the 16th day of the month or later, credit will not be given until the following month. This was by consensus of the Board of Supervisors.

The meeting was recessed at 2:00 P. M. in order to attend the Public Hearing on the County Assessor's budget for 1987-88. The Board reconvened at 2:45 P. M.

It was moved by Burnside, seconded by Gustafson, to approve the shoulder seeding contracts with Christensen Landscaping & Rental, Storm Lake, Iowa for 1986 projects FM-11(8) and FM-11(9) and the 1987 projects FM-11(10), S-0245(2) and S-3238(6) at \$250.00 per acre. Ayes--all.

Karen Strawn, Mental Health Clerk in the Auditor's Office, reviewed some mental Health accounts and what the disposition should be. She was informed to contact the individuals concerned.

Thirteen (13) applications were considered for the Auditor's position. The question on confidentiality arose and the County Attorney was consulted. Mr. Ritchie agreed that possibly the names could be released, or the news media could challenge the confidentiality. Whereupon the Board agreed not to release all the names at this time. Supervisor Harjes then moved to table the decision until March 26, 1987. Supervisor Gustafson then stated that he felt that the applicants should be interviewed before making a decision. Supervisor Harjes then withdrew his motion. The Board then agreed that the following six (6) applicants should be interviewed on March 26, 1987, in 15 minute intervals starting at 1:30 P.M.: Renee Sand, Royce Larson, Larry Sorenson, Karen Strawn, Helen Dorn and Donald Harjes. Ayes--all.

It was moved by Burnside, seconded by Harjes, to support the purchase of a landsite for industry to the extent of \$45,000.00 for five (5) acres providing that a new industry is obtained. Ayes--all.

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
THIRTEENTH MEETING, 1987 SESSION (13)
MARCH 17, 1987

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment, at 9:00 A.M. with Chairman Vail presiding, and with the following other members present: Rehnstrom, Gustafson. Absent: Harjes, Burnside.

Minutes of the February 27th, March 2nd and 3rd, 1987 meetings were read and approved.

Kim Carnine, Deputy Assessor, informed the Board that there had been a late filing for military tax credit. Whereupon it was moved by Gustafson, seconded by Rehnstrom that military tax credit for the 1986 assessment, payable in 1987-88, be granted to Marvin J. Nelson for Lot 13, Block 73, Storm Lake Corp. Ayes--all.

Denise Kleen, Communication Center Supervisor, presented a contract from Bolt Security Alarm Equipment, requesting exclusive use with the county. After consulting with the County Attorney, it was decided not to sign the contract with the exclusive use clause. April 12-18, 1987 is national tele-communi-

period. There has been enough interest shown in C.P.R. so that classes will be held on April 15 and 16, 1987 from 1:00 P.M. until 5:00 P.M. for those interested. The cost of \$1.75 per employee taking the course will be paid for by the county.

Ferne Frederiksen, County Recorder, asked about using revenue sharing to do bookbinding. She was informed to go ahead with the binding but to pay it out of her budget. The budget could be amended as needed. The copier also needs to be replaced. This cost is shared with the Assessor and the Engineer.

Darel Burns, County Drainage Engineer, reviewed the status of Lateral 2, D.D. #49 and the fact that two claims remain unpaid. These claims will be submitted for payment at the next board meeting. Final tabulation of costs can then be made, easements can then be filed for record in the Recorder's office. Mr. Burns also reviewed the final report on the construction of a surface drain for lateral #2, D.D. #49. Whereupon it was moved by Gustafson, seconded by Rehnstrom to accept the report as filed and to accept the job as being completed as of this date, but to delay the hearing date until the benefit commissioner's report has been filed. Ayes--all. Mr. Burns also filed a report showing the financial condition of the joint drains with Sac County. This will be discussed with the Sac County Supervisors at the Spring School to find a suitable date to hold a joint meeting. D.D. #123 has been discussed with the landowners but a decision is still pending.

Duane Heeney, County Sheriff, presented some bids for a 4-wheel drive vehicle. Two of the bids had been opened. Chairman Vail said that the bids should be sent back and re-submitted after the budget hearing. Any vehicles needed by Secondary Roads or the Nurse's office should be submitted at the same time. The bids will be considered on March 31, 1987 at 1:30 P.M. Sheriff Heeney also submitted a letter of commendation for Rollin Stevers for the work done in the jail. He invited the Supervisors to inspect the jail at any time. The cost of meals for the prisoners as prepared by the jailers was compared to the cost of meals that the hospital might prepare. It was decided to continue as it is now being done, with the cost being considerably cheaper. State law specifies what and how much the prisoners should receive.

It was moved by Gustafson, seconded by Rehnstrom to approve the application for a class "C" liquor license and Sunday Sales permit for the Storm Lake Municipal Golf Course. Ayes--all.

Tania Gutz, Human Services Department, presented a bill for payment for one person's medical expenses (S.C.3-17-87). This will be held until the next meeting when a full board will be present.

It was noted that the second Buena Vista County Human Services Fair will be held on April, 16, 1987 from 10:00 A.M. to 3:00 P.M. at the Storm Lake Community High School. It demonstrates the many services available to Buena Vista County residents.

Don Linnan, County Engineer, said that a preliminary plat has been received from Mike Pertzborn and Dick Gaffney for the Southwest shore of Storm Lake. The plat is presently being reviewed before submitting it for approval.

Darlene Peterson, County Nurse, said that 82 people have signed up for the "wellness" screening. This is well over the ratio needed. The money remaining will be used for snacks at the screening and for C.P.R. training. Twelve hour fasting is needed for screening.

1:00 P.M. -- The time having arrived for the hearing for D.D. #95. 8 persons were present for the hearing. The main problem is drainage run-off. The drain was formed in 1916, and includes part of the city of Alta. The city has so much run-off that the Mortenson's do not get to use the drain for at least two days when there is a large rain. The Mortenson's are looking for solutions to the problem. Possibly the district needs to be enlarged, at least a study of the problem needs to be made. Mr. Burns said a petition needs to be presented to initiate the action, and a bond obtained to secure the expenses should the district not be formed.

Glen Huntington and John Rodeen, representing the Buena Vista Industrial Corporation submitted and explained the proposed 1987 marketing plan for the corporation. They related what to expect in the near future. The report was well received.

It was moved by Rehnstrom, seconded by Gustafson to approve the following reports: the January 14, 1987 Home Maker/Home Health Aide site visit; the February Conservation, small claims, Court Revenue, Clerk's fees, NWIPDC: March county conservation; 2nd quarter FY 1986-87 Child Support Incentives program. Ayes--all.

BOARD OF SUPERVISORS MEETING
FIFTEENTH MEETING, 1987 SESSION (15)
March 31, 1987

The Board of Supervisors of Buena Vista County met in regular session, pursuant to adjournment, at 9:00 A. M. with Chairman Vail presiding, and with the following other members present: Harjes, Rehnstrom, Gustafson, Burnside.

The minutes of the March 17, 26, and 27th meetings were read and approved.

BUENA VISTA COUNTY, IOWA

Ted Van Grootheest, County Assessor, discussed the assessment rolls which his staff is in the process of mailing to property owners. He reported that Heritage Communications, Inc. has filed a suit in Marion County charging that it is unlawful for Marion County to assess short wave towers, dishes, antennas, cables, and other equipment. That instead, it is personal property and should not be assessed. If Heritage Communications should win their suit, other utilities, and businesses owning property assessed as machinery and equipment, might also try to claim that they own personal property which should not be assessed. The Assessor reported that the total assessed valuation of machinery and equipment, and utilities for Buena Vista County in 1987 is \$64,379,989.00. He will keep the Board informed on this subject. Van Grootheest also discussed an "industrial tax exemption" ordinance which the Board may wish to consider regarding 5 year tax exemption for new construction located just outside of city limits.

Jean Eckerman, Payroll Deputy in the Auditor's office, requested direction on a request to cancel insurance for one employee. After consulting with the County Attorney, the board directed her to make the appropriate change.

Weed Commissioners Norm Lund and Roger Sievers introduced Bob Meseck to the Board. He will be employed in the summer weed spray program. Mr. Sievers informed the board of current training requirements for persons handling weed chemicals. The commissioners were instructed to submit their hours (spent attending meetings and traveling to and from the meetings) for payment.

Auditor Julius informed the board that according to Chapter 331.504 Code of Iowa, Auditor-appointee Strawn may use Julius' signature plate for the check protector and initial his signature until the new one is delivered.

Anita Hallquist, Human Services Director, presented a request for assistance with a hospital and doctor bill. The Board approved payment of \$150 on the hospital bill and \$167.50 on the doctor's bill (for S.C.3-31-87).

Darlene Peterson, County Nurse, and Jan Hartwig, Secretary, presented information on the recent county employee health screening. 84 Buena Vista County employees participated. Results will be available April 21 and 22. A Homemaker Home Health Aide report (prepared by Donna Tuttle, Field Consultant of the HM/HHA program), showed the efficiency of time and cost achieved by Buena Vista County HM/HH Aides. The board complimented the Health Dept. for both impressive reports.

Supervisor Harjes, member of the Regional Transit Authority, talked about a D.O.T. reconditioning program for vehicle engines with 100,000 miles on them. He suggested that a vehicle could be returned to service for perhaps \$2,500.00 or less, instead of replacing it with a new vehicle. A second reconditioning might even be possible if the body is in good shape. The work could be done for even less money by the Secondary Road Department.

Sally Grunig, County Treasurer presented a request to increase the depository limit with First Federal Savings and Loan Association of Storm Lake from \$2,000,000.00 to \$5,000,000.00. On motion by Gustafson, second by Burnside, the depository limit at First Federal of Storm Lake was raised to \$5,000,000.00. Ayes--all. The Treasurer also requested authority to open an account with Piper, Jaffrey, and Hopwood, Inc. of Storm Lake, for investment of funds available for long term investment. Moved by Harjes, seconded by Burnside, that the Chairman be authorized to sign a 'Cash Account - Corporation Account Agreement' with Piper, Jaffrey, & Hopwood, Inc. for investments. Ayes--all.

Chairman Vail reminded the board of a Joint DD #22 meeting at Clay County on April 21, 1987, at 1:30 P. M. for a hearing on the completion of work in that district. Also, CPR classes are available to county employees on April 15 & 16 in the Public Meeting Room. Respond to Denise Kleen. The 2nd Human Services - Service Fair will be held at the Storm Lake High School on April 16 from 9:00 A. M. to 3:00 P. M.

Sue Pate, Marketing Consultant for Iowa Benefits, Inc., presented her company's self-funded insurance program for health insurance. Her presentation was well received and the board agreed to provide her with the data she requires to prepare a prospective program for Buena Vista County.

1:30 P. M. -- The time having arrived for the opening of bids on a 4-wheel drive vehicle for the Sheriff's Department. Three (3) bids were received: Rasmussen Ford, Fitzpatrick Chevrolet, and Peterson Motors. After comparison of the bids, Gustafson moved to accept Fitzpatrick's bid for a Chevrolet Blazer for \$14,500, seconded by Rehnstrom. Ayes--Gustafson, Burnside, Rehnstrom. Nay--Harjes. Motion carried.

Brad Raveling, Secondary Road Dept., discussed specifications for a car to be purchased by the Nurse's Department with the trade-in of vehicle H-38. The county will accept bids for the vehicle with bid opening set for April 28, 1987, delivery to be July 1, 1987.

Kevin Zadow, Albert City Mayor, and Sheriff Heeney were present to listen to discussion of a letter received from the mayor of Sioux Rapids regarding contract law enforcement in Albert City and Marathon. Zadow said that Albert City likes its arrangement with the county and feels that they are contributing their share of the cost of the deputy located there. Supervisor Harjes suggested that all communities need to establish 'neighborhood watch' programs to supplement law enforcement coverage. The auditor was directed to respond to the letter from Sioux Rapids with a summation of the comments of the discussion.

Drainage Engineer Burns discussed with the board letters from Attorney J. Hudson and Engineer Don Etler on D.D. #181 regarding extension of deadlines for Reclassification Commissioners' Report on Little Cedar Branch and contract on cleanout of same branch. Burns recommended granting the extensions with the board concurring.

Burns presented a petition for clean-out of Lat. 8 of D.D. #34 signed by two (2) persons. Finding the petition in proper form, motion by Burnside, seconded by Gustafson, that Darel Burns be appointed as Engineer to make necessary surveys and prepare report on need and scope of repairs. Ayes--all.

SUPERVISOR'S RECORD, No. 17

MATT PARROTT & SONS CO., WATERLOO, IOWA 78-0180

Burns also presented a petition for Establishment of New Drainage District for an area North of the Town of Alta. Thirty-eight signatures appeared on the petition requesting that an Engineer be appointed to investigate the need for improvements. Finding the petition in order, Rehnstrom moved, seconded by Harjes, that Darel Burns be appointed as Engineer to investigate and report on the needs of said petition after a \$2,500.00 bond is filed by the Petitioners, as required under Section 455.10, Code of Iowa. Ayes--all.

Moved by Gustafson, seconded by Harjes, to approve the following reports: FY'86 HM/HHA costs by County, February ADTU, and March Board of Health minutes and NWIPDC. Ayes--all.

County Auditor Lewis B. Julius, retiring effective April 1, 1987, administered the oath of office to Karen M. Strawn who had been selected by the Board of Supervisors to complete the Auditor's term which expires January 1, 1989. The board members congratulated her. Each board member took a moment to wish Mr. Julius a happy retirement and to express their appreciation for his service to Buena Vista County.

Auditor-appointee Strawn requested that she be allowed to continue employing Joan Sliefert in the Auditor's office on a part-time basis through the end of April. On motion by Harjes, seconded by Rehnstrom, Joan Sliefert may be employed 2-3 days a week through the end of April at her current wage rate. Ayes--all.

BOARD OF SUPERVISORS MEETING EIGHTEENTH MEETING, 1987 SESSION (18) APRIL 23, 1987

The Buena Vista County Board of Supervisors met in special session at 1:30 P.M. Thursday, April 23, 1987, in the Supervisors Room with Chairman Vail presiding. Other members present: Burnside, Gustafson, Rehnstrom. Absent: Harjes. This special meeting was called to review with the Conservation Board their options on the bids received for the Linn Grove dam repair. Others present for the meeting were: Gary Christiansen, Conservation Officer, and Conservation Board members: Arnie Hicks, Margaret Koch, Jim Roberts, Lee Meyer, Chairman Rick Lampe, and Robert Payer, Engineer from Kuehl & Payer Consulting Engineers.

Payer was asked to explain the bids received and the different specifications considered for each bid. An option considered previously was that the Conservation Board would borrow funds from the Iowa Natural Heritage Foundation, now apparently not legal. Payer was asked for his recommendation on how much work should be attempted considering the limited resources. He recommended completing repair of the center section and that part of the north abutment that funds will permit.

Christiansen was asked if there was any excess in the 1987-88 Conservation budget. He replied that the only area with any sizable amount of dollars was in equipment purchases which have already been delayed twice before. He stated that there is approximately \$134,000.00 in reserve. The cost to complete the project as described by Payer, including engineering fee, would be \$129,000.00 for the center section \$20-\$30,000.00 for the north area and approximately \$14,000.00 for engineering fee. After consideration, the Board suggested that the Conservation Board proceed with the project paying from reserve funds and from the 1987-88 budgeted funds. Then, the budget could be amended next year, if necessary, followed by a transfer of funds into the Conservation budget. The Conservation Board members thanked the supervisors for their time and interest, and left to hold a Conservation Board meeting.

There being no further business, the supervisor's meeting was adjourned to Tuesday, April 28th at 9:00 A. M.

KAREN M. STRAWN, AUDITOR

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING NINETEENTH MEETING, 1987 SESSION (19) APRIL 28, 1987

The Buena Vista County Board of Supervisors met in regular session on April 28, 1987, at 9:00 A. M. with Chairman Vail presiding and with the following other members present: Gustafson, Burnside, Harjes, Rehnstrom.

The minutes of the April 14th & 23rd meetings were read and approved.

Motion by Harjes, seconded by Rehnstrom to approve the following reports: Mental health admissions, April NWIPDC, Conservation, Farm to Market Road fund and ADTU. Ayes--all.

Drainage Engineer Darel Burns reported on the work in D.D. #34 which has not been completed according to the contract schedule. The penalty called for in the contract is \$25 per day past the completion deadline. Upon proper notice, if the contractor fails to complete the project, a new contract could be let for the completion. Motion by Burnside, seconded by Gustafson, to adopt the following resolution:

Resolution: DD 34 Lat. 3 Contract

WHEREAS: The firm of Boggess Construction Co. of Emmetsburg, Ia., is the contractor for the cleanout of Lat. 3 of Drainage District No. 34 of Buena Vista County, Iowa; AND WHEREAS: said Contractor has not completed said contract within the contract period and has not demonstrated that he will be able to complete said contract in a reasonable time; AND WHEREAS: adjoining landowners are concerned that the failure to complete the contract will result in the loss of use of adjoining farm land for purposes of cultivation because of down trees, brush and spoil material that extends beyond the drainage district right of way limits and beyond reasonable construction limits; BE IT THEREFORE RESOLVED: that written notice is to be given to said contractor Boggess Construction of Emmetsburg, Iowa, and their surety Merchants Bonding Company of Des Moines, Iowa; that the provisions of Section 455.114 of the Code of Iowa dated 1986 shall be used to require the said contractor to complete such work within ten (10) days following receipt of said notice by certified mail; and that Section 455.115 shall be used to complete said contract if said contractor fails within said time period to complete the required work. The preparation of said notice is to be by the drainage attorney employed by said drainage district.

Engineer Burns also reported that he had reviewed the Engineer's report for the Buena Vista-Sac County Lateral of Joint Drainage District 16-30-92. He noted that a part of the report was based upon an earlier report which was never approved, the earlier report having been paid for with warrants which subsequently had stop-payments issued upon them. He recommended no action until a joint meeting is called.

SUPERVISOR'S RECORD, No. 17

MATT PARROTT & SONS CO., WATERLOO, IOWA 78-0180

Don Linnan, County Engineer, reported that 2 persons had been selected to fill the two (2) openings in his department and that they had passed their physicals. Motion by Gustafson, seconded by Burnside, to employ Eugene Pishek as Equipment Operator I for Newell at \$6.85 per hour beginning May 11, 1987, subject to his relocating in Newell, and Jerry Smith as Equipment Operator I for Storm Lake at \$6.85 per hour beginning May 4, 1987 with equal increases every 6 months to bring them up to full pay for those positions at the end of 2 years. Ayes--all. After further discussion, of how a cost of living increase would be applied to the wage rate, Gustafson moved, seconded by Harjes, that there will be no adjustment made in the base salary for any job classification for cost of living increase until an employee has successfully completed the one year probationary period. Ayes--all.

Anita Hallquist, Human Services Director, presented requests to admit one (1) client to Red Barn as a 100% county paid client for a 30 day probation period. Motion by Gustafson, seconded by Rehnstrom, to approve placement of one person (B.W.4-28-87) at Red Barn for 30 days. Ayes--all. She also requested placement of client at Hope Haven. Motion by Harjes, seconded by Burnside, to approve placement of one (1) client (D.P.4-28-87) at Hope Haven. Ayes--all.

Bill Peterson, ISAC Personnel/Program Director, presented Buena Vista County's annual report on its Blue Cross program coverage and noted that the Board will need to review its options and notify ISAC of any proposed changes by about the 1st of June.

Les Schmidt, NW Iowa Alcohol and Drug Treatment Unit, announced to the Board his retirement effective April 30 and introduced Jim Preece who will be taking his place. Les has worked with ADTU since 1976. He thanked the Board for all of their cooperation in the past and the Board thanked him for the good service that he has provided to Buena Vista County residents.

Don Elk, Colburn & Elk Agency, reviewed the information provided at the County Risk Management meeting held in Spencer April 22nd.

1:30 P. M. The time having arrived for the bid opening on the nurse's car. Bids were received from Rasmussen's, Fitzpatrick's, and Peterson's. Motion by Harjes, seconded by Burnside, to accept the low bid from Fitzpatrick's for \$9,250.00, including trade-in, for a Chevrolet Celebrity. Ayes--all.

Jean Eckerman, Deputy Auditor, presented a notice of request for unemployment from one person previously employed by Conservation. She was instructed to notify Gary Christiansen, provide the information requested, and return the form.

A petition was received, signed by 28 persons, requesting the County to include a portion of a county road located within the city limits of Truesdale, in the Secondary Road maintenance schedule and to assume responsibility for the maintenance of it in perpetuity. The engineer will investigate and report back to the Board.

Auditor Karen Strawn requested that Donna Holstein be employed as a temporary full-time employee in her office to do drainage work on the computer. Motion by Harjes to hire Donna Holstein at \$4.00 per hour. Chairman Vail called for a second and receiving none, the motion died. Rehnstrom moved, seconded by Gustafson, to employ Donna Holstein at \$4.50 per hour. The result of the voice vote was unclear and the auditor was requested to poll the board. Gustafson-aye, Burnside-aye, Vail-nay, Harjes-nay, Rehnstrom-aye. Motion carried.

Treasurer Sally Grunig and Deputy Joan Reiling presented several tax bills for the Board's review and requested that the taxes be abated. Motion by Gustafson, second by Burnside, to abate the taxes on the following parcels for the following reasons:

- 1985 taxes on Personal Property owned by Barb's Diner for \$38.00 - not locatable
- 1983 taxes on #7084.00 leased by Harold Carlson for \$2.00 - not locatable
- 1984 taxes on #7084.00 leased by Harold Carlson for \$2.00 - not locatable
- 1977-78 taxes on lease #3172-Crawford Elevator for a total of \$2,921.83 - worthless
- 1975-77 taxes on lease #46137-Kerker Oil for \$146.01 - not locatable

Ayes--all. Grunig reported the results of her visitations at all of the banks located in the county. All banks outside of Storm Lake expressed interest in the county investing a larger number of dollars in their institutions and gave her a rate of interest better than is being earned on many of the current investments. The Board commended her efforts and approved the changes suggested by her.

Motion by Gustafson, seconded by Burnside to approve the applications for Beer Permit and Sunday Sales Permit for The Country Store, Storm Lake. Ayes--all.

Don Linnan, County Engineer, presented a request for establishing a Board Policy on reception of job applications. He stated that currently applications are received whenever persons want to place their application on file, which results in having a huge file to work from when an opening occurs. By then, some of the applications are no longer current. Motion by Gustafson, second by Harjes, to establish a board policy to accept job applications only when there is an advertised opening and to keep a record of name, address, phone number and date of inquiry for anyone desiring to leave that information. Ayes--all.

Engineer Linnan presented a request to change Mike Sexton's job classification. Motion by Burnside, second by Harjes, to change Mike Sexton from Motor Grader Operator I to Motor Grader Operator II at \$9.18 per hour effective April 25, 1987. Ayes--all.

Linnan presented a contract for construction engineering services for consideration. Motion by Burnside, seconded by Rehnstrom, to authorize the Chairman to sign a contract with Kuehl & Payer for construction engineering services for the Country Ridge project RC-(1)--9A-11. Ayes--all. County R.I.S.E.

Removal of unused registered gasoline tanks was discussed. The county's tank for unleaded fuel located in Albert City will be removed.

The Board was reminded of the joint Storm Lake City Council and Buena Vista County Board of Supervisors meeting to be held at 7:30 P. M., Wednesday, May 6, 1987, in the Courthouse.

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
TWENTIETH MEETING, 1987 SESSION (20)
MAY 12, 1987

The Buena Vista County Board of Supervisors met in regular session on May 12, 1987, at 9:00 A.M. with Chairman Richard Vail presiding, and with the following other members present: Gustafson, Burnside, Harjes, Rehnstrom.

Minutes of the April 28 meeting were read and approved as corrected.

Supervisor Gustafson reviewed the recent sale of PIK certificates and the grain raised on the County Farm. A certificate for the remainder of the PIK grain will be redeemed. The check for corn sales for \$3,622.54 was received and will be deposited with the Treasurer.

Custodian Rollie Sievers asked if the Board wanted him to reserve some of the room dividers available from the Department of Human Services in Sioux City. He was directed to reserve all 24.

Sue Stille, local staff, Pat Singel, Director, and Linda Schomaker, staffperson, from Northwest Iowa Mental Health Center, introduced themselves to the Board and discussed the Community Support Program as it is available to Buena Vista County residents. The Affinity Club, located in Storm Lake is available for helping to develop social skills. Partial hospitalization services may become available in the county in the near future.

Treasurer Sally Grunig presented a request for part-time help for her office when vacations or sick leave absences create a shortage of staff. Motion by Gustafson, second by Rehnstrom, to hire Mary Smith for part-time work in the Treasurer's office as needed at \$4.50 per hour. Ayes--all.

The Auditor presented 3 claims for payment for medical examiner expenses which had been paid in 1985. The warrants have never been cashed. The Auditor was directed to write to the payee regarding the cashing of these warrants.

A warrant for \$50.00 to Asphalt Institute for a workshop was returned because the workshop was cancelled. Motion by Harjes, seconded by Burnside, to void warrant #35987 for \$50.00 to Asphalt Institute. Ayes--all.

Anita Hallquist, Human Services Director, presented a request for assistance with emergency room charges and a doctor bill. Motion by Burnside, second by Harjes, to approve assistance in the amount of one-half of the emergency room charges for 1 person (D.D.5-12-87). Ayes--all. Hallquist inquired about the cost of 2 extractions to be incurred in the previously approved dental treatment of one person. Since the additional costs are necessary for the previously approved treatment, she was instructed to approve these costs.

Jean Eckerman, Deputy Auditor, requested some additional instruction on computer recording of vacation and sick leave. She is to proceed with the data entry with further discussion to come at

BUENA VISTA COUNTY, IOWA

Ferne Frederiksen, County Recorder, reported that she had unpaid transfer fees on her books which she has been unable to collect from the buyer of property sold at the scavenger tax sale earlier this year. After consulting with Henry Hardt, County Attorney's office, one final phone attempt will be made, and if unsuccessful, a small claims action will be filed.

Motion by Harjes, second by Gustafson, to approve the Class "C" Liquor License and Sunday Sales application by Lake Creek Country Club. Ayes--all.

Jan Hartwig, Secretary for the Health Department, presented a request to return funds not expected to be needed in the Homemaker Home Health Aide program this fiscal year to the program for redistribution. Motion by Gustafson, second by Burnside, to authorize the Chairman to sign an agreement to release \$1,000.00 of Homemaker Home Health Aide funds for reallocation. Ayes--all. Darlene Peterson, County Nurse, reviewed the Board of Health minutes. She noted that ISAC is again offering \$50.00 per enrolled employee for the Wellness program.

1:00 P.M. -- The time having arrived for the opening of quotes for sign posts. Two quotes were received - Alta Lumber Co., Alta, and Albert City Building Center, Albert City. After opening the quotes and finding all in order, motion by Rehnstrom, second by Burnside, to accept the low bid from Alta Lumber Co., and to return the certified check to the unsuccessful bidder by registered mail. Ayes--all.

Darel Burns, Drainage Engineer, read a letter from Fuhrman Tiling & Excavating reporting conditions at the site of the D.D. #49 project, and presented the report of the Benefit Commission on D.D. #49 Lateral 2. Motion by Burnside, second by Gustafson, to accept the report of the Benefit Commission and to set date and times of hearings as follows: acceptance of the final report on construction - June 30, 1987 at 1:00 P.M.; acceptance of the Benefit Commission's Report on D.D. #49 Lateral 2 - June 30, 1987 at 1:30 P.M. Ayes--all.

Burns reported that Boggess Construction has resumed work on the D.D. #34 Lateral 3 project since receiving the notice authorized by the Board at their last meeting.

Investigation of a problem in D.D. #123 Lateral 6, showed the need for work to be done. Drainage Engineer Burns, having determined that the cost of the repair was under the legal limit requiring a notice of bid taking, requested informal bids for the needed repair. The Board considered and agreed to accept and open the ^{quotes} submitted. Motion by Burnside, second by Gustafson, to accept the low ^{quote} submitted by Koth Construction for tiling on D.D. #123 Lateral 6, and to hold, until signing of the contract, the certified checks of the unsuccessful ^{bidder} ^{quoters}. Ayes--all.

Barb Hansen, Truesdale City Clerk, met with the Board to hear their discussion of a petition received by the Board requesting that the county provide the maintenance on a road located within Truesdale.

Corwin Ritchie, County Attorney, and Henry Hardt from the Attorney's office, met with the Board to discuss transfer of ownership of mobile home properties to the county by scavenger tax sale. The county could become liable for the mobile home park space rental fees if the county took title to such properties. They also discussed a recent Attorney General's opinion concerning patient liability for commitment costs. The Auditor requested that the Board consider adopting a mental health account collection policy. The Board will discuss such a policy at a later time.

Darel Burns, Drainage Engineer, asked whether the Board would be interested in receiving quotes from private contractors for hauling of rip rap (previously done with county equipment) to prevent damage to county trucks. This will be discussed further when Burns presents additional information.

Marlys Duin, Pitney-Bowes, requested and received permission to contact each office and request information regarding postage requirements for the various departments.

Ed Buckendahl and Tom Huseman, City Clerk of Alta, discussed with the Board their study done on a drainage problem in Alta and offered to make the study available to the county in its investigation of a petition for drainage relief in the same area.

Steve Gadd, Attorney, Chet Brecher, and Mike Pertzborn discussed possible ordinance language drafted by Gadd for possible use by the county concerning paving in county subdivisions. The Board will have the Assistant County Attorney study the draft and present an opinion.

Motion by Rehnstrom, second by Gustafson, to authorize the Chairman to sign a Participation Contract with the Ia Dept. of Human Services for purchase of services. Ayes--all.

The auditor was requested to rearrange the appointment schedule for department heads for Supervisor meeting agendas.

Motion by Gustafson, second by Rehnstrom, to authorize the Chairman to sign a contract with Bolt Securities until January 1, 1988 for security in the Communication Center. Ayes--all.

Motion by Gustafson, second by Rehnstrom, to appoint Burnside as the Supervisor's representative on the Highway 71 corridor panel. Ayes--all.

Motion by Burnside, second by Gustafson, to approve the following reports. April Dist. Court Revenue, Small Claims, District Court, Highway 71 informational meeting, DNR report on WWTF at Spectra, April Conservation, Mental health admissions, 1986 report of Iowa Engineering and Land Surveying Examining Board, Western Iowa Tourism-May & April, and the April Board of Health. RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING TWENTY-FOURTH MEETING, 1987 SESSION (24) JUNE 9, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on June 9, 1987 at 9:00 A. M. with Chairman Richard Vail presiding and with the following other members present: Rehnstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting.

The minutes of the May 26 and June 2 meetings were read and approved.

Auditor Strawn presented requests concerning her vacation time and her deputies. The vacation time was tabled pending research. Motion by Harjes, second by Burnside, to table the discussion of deputies until 1:30 P.M. today. Ayes--all.

Duane Heeney, Sheriff, Ferne Frederiksen, Recorder, and Karen Strawn, Auditor, presented a letter signed by themselves, and also by Attorney Corwin Ritchie and Treasurer Sally Grunig, requesting that the Board rescind its December 9, 1986 resolution to cut the raises for the elected officials by 100%, raises having been recommended by the Compensation Board. Supervisor Harjes noted any issue requiring Board action must first be on the agenda before consideration. The question will be considered at a later meeting.

Sheriff Heeney presented reports showing the amount of overtime paid to Jailers and Deputies during the current fiscal year and showing the use of funds for drug investigations over the past 6 years. He requested allocation of \$4,000.00 for continuing drug investigations. This request will be considered at a later time.

Engineer Don Linnan read a letter from the city of Newell requesting repair of a city street which runs in front of the County's maintenance shed. The engineer will investigate the problem and report back to the board. Linnan also discussed the cost to coat the blades of maintenance equipment.

Kim Carnine, Deputy Assessor, presented a late filing of an application for military exemption. Motion by Burnside, second by Harjes, to approve the application for military exemption signed by Greg Evans on parcel #4361.00. Ayes--all.

Denise Kleen, Communication Center Supervisor, and Sheriff Duane Heeney met with the Board to discuss topics related to the operation of the Communications Center. Supervisor Gustafson asked about the removal of access to Criminal History files. Kleen replied that access to the Criminal History files was removed May 4, 1987 by the Iowa Department of Public Safety. Since the Communication Center is operated by the Board of Supervisors, which is not a criminal justice agency, the Communication Center does not qualify for access to the Criminal History files. Gustafson also asked what policy determines which wrecker service is called to the scene if no service is named by the law enforcement personnel or the owner of the vehicle. Kleen explained that the policy developed by her allows all wrecker services in the area to be called on a rotating basis when none is specified. Gustafson noted that under the present arrangement, the Board of Supervisors governs the Communications Center and sets policy with Kleen responsible to the Board.

Kleen informed the Board of the resignation of radio operator Myron Nourse. Motion by Harjes, second by Burnside, to accept the resignation of Myron Nourse effective June 28, 1987. Ayes--all. BOARD OF SUPERVISORS MEETING
TWENTY-EIGHTH MEETING, 1987 SESSION (28)
JULY 7, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on July 7, 1987 at 9:00 A. Ted Van Grootheest, County Assessor, notified the Board of the resignation of Omer Roth from the Board of Review, effective immediately. He reviewed methods of selection for a replacement and suggested that the person appointed to fill the unexpired term ending 12-31-90 should have knowledge of the general contracting industry. He also recommended that the per diem be raised from \$45 to \$50-55. Motion by Gustafson, second by Burnside, to appoint Don Harjes to represent the Board of Supervisors on the Conference Board selection committee. Ayes--all. Supervisor Harjes will contact Mayor Wilbur Tucker and School Board Member Dennis Requist to begin the selection process.

Supervisor Burnside brought a question from Roger Sievers, Weed Commissioner, to the Board concerning action to be taken after a certified notice to destroy weeds has been sent and no action begins on the part of the landowner in the time specified in the Code of Iowa.

BUENA VISTA COUNTY, IOWA

Motion by Gustafson, second by Burnside, to approve the applications for cigarette permits for the year beginning July 1, 1987 submitted by Lake Oil, Little Sioux Golf & Country Club, and Stan's Marina. Ayes--all.

RESOLUTION

Motion by Burnside, second by Gustafson, that WHEREAS; a lawsuit brought by Heritage Cablevision, Inc. against Marion County, Iowa, involves a constitutional challenge to Iowa Code Chapter 427A; and WHEREAS; this lawsuit threatens the ability of all Iowa counties to collect taxes on certain property of utility companies; and WHEREAS; the lawsuit is likely to proceed to the appellate level, thus generating significant defense costs; and WHEREAS; the ISAC Board of Directors recognizes that this lawsuit seriously threatens the stability of each county's tax base; and WHEREAS; the ISAC Board of Directors has requested each county to contribute financially to the defense of this lawsuit, now THEREFORE BE IT RESOLVED, that the Buena Vista County Board of Supervisors does hereby appropriate the sum of \$1,050.00 in order to assist Marion County, Iowa, in defending the action. This sum shall be paid to the Iowa State Association of Counties' Multi-County Services Agency account upon receipt of billings from ISAC. Ayes--all. This resolution was passed unanimously by the Buena Vista County Board of Supervisors this date, July 7, 1987.

Anita Hallquist, Human Services Director, presented a request for general relief for one person. The consensus of the Board was to pay 1/2 of each of 2 doctor and 1 hospital bill (S.S.7-7-87)

Hallquist informed the Board of the current and anticipated space shortage in her office. She will be adding some staff and equipment over the next several months. The Board will visit her office to assess the problem.

County Auditor Karen Strawn requested that the Board contribute towards the cost of an automatic document feed for the SF8200 copier in her office. The Board agreed to pay 1/3 of the cost. The Board informed her that they had been unable to do the necessary research as yet to answer her question on her vacation time.

County Engineer Don Linnan presented bids for crushed gravel from Wirtjers Trucking, Sac City, and Wetherell Excavating & Trucking, Inc., Storm Lake. Motion by Harjes, second by Gustafson, to accept the low bid of Wirtjer's Trucking for class C gravel at \$2.54/ton. Ayes--all.

Darlene Peterson, Public Health Nurse, asked for direction from the Board on future wellness programs and suggested setting some goals for use of the money received from ISAC for that purpose. She will investigate what is available to other groups and check on the cost of another clinic similar to what was held this past spring. Peterson reminded the Supervisors that the Board of Health has a vacancy for a physician. The Supervisors will research the situation.

Denise Kleen, Communications Center Supervisor, reported that she had completed the interviewing process and that she recommends Nancy Brady for the part-time operator position. Motion by Rehnstrom, second by Burnside, to hire Nancy Brady as a part-time Communications Center operator at \$4.50 per hour effective July 1, 1987. Ayes--all.

Todd Gaffney, Mike Pertzborn, and Chuck Tapley presented a plat of Stoney Point Bay for approval by the Board. Don Linnan reviewed the plat prepared by Tapley and summarized the meetings of the Zoning Commission study committee with Assistant County Attorney Ted Brown on Monday, and the meeting of the Zoning Commission earlier today. Linnan reported that the Zoning Commission had recommended the approval of the plat. Mr. Gaffney addressed the Board and offered to give a deed to the County for the .87 acres of road and also to file a restrictive covenant document providing for the cost of any paving of the road to be paid for by lot owners. Supervisor Gustafson noted that no prior discussions had included the possibility of a public road. Linnan stated that County can't legally maintain a private road for a fee. After additional discussion, motion by Harjes, second by Gustafson, to accept the recommendation of the Zoning Commission and approve the final Stoney Point Bay plat with acceptance of the dedication of the plat dependent upon the following: The Board of Supervisors will accept the dedication of the above named plat with private streets when the developer has submitted an approved agreement that provides that the developer and the lot owners, at their own expense, will bring the properties up to full subdivision standards including paving before requesting that the Board of Supervisors accept the roads into the county system. Ayes--all.

Charles Witter, George Bringle, and Francis Edwards, representing the city of Newell, presented a request asking the county to pay 75% of the estimated \$18,998.10 cost to repair a street in that city, the ~~city~~ ^{county} being one of the property owners on the street. Engineer Linnan reported that his research with the D.O.T. indicates that the County can't legally opt to participate in the cost of a city street improvement. However, the county can be assessed like any other property owner. The Board recommended that they consult their city attorney to consider street assessment procedures.

2:30 P.M. -- The Board recessed to reconvene a Public Hearing on D.D. #49 in the Public Meeting Room. Upon completion of the business of the hearing, the Board returned to the Board Room to complete its business.

Darlene Wise, UDMO, presented statistics on the Community Work Experience Program. She requested that the contract with the County be continued. Motion by Harjes, second by Burnside, to continue for a year the Community Work Experience Program. Ayes--all.

Ron Neulieb, Control System Specialists, presented a proposal for repair or replacement of parts and installation of a new burner for the heating system in the facility leased by Spectra Health Care, Inc., the system having been damaged by fire in April, 1987. The consensus of the Board was to purchase the new boiler and make the necessary repairs.

Motion by Harjes, second by Gustafson, to request a speed study on the county road in front of the County Park in Section 9 of Brooke Township as requested by Gary Christiansen, Conservation Director. Ayes--all.

This being the first meeting of the 1987-88 fiscal year, motion by Burnside, second by Gustafson, to authorize the County Auditor to appropriate the County Funds and Federal Revenue Sharing Funds according to the following 'Appropriations Resolution', and, as budgeted for fiscal year 1987-88 to the designated county funds and departments for expenditure as they become available, with no further allocation being necessary.  RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
 TWENTY-NINTH MEETING, 1987 SESSION (29)
 JULY 21, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on July 21, 1987 at 9:00 A. M. with Chairman Richard Vail presiding, and with the following other members present: Rehnstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting.

The minutes of the July 7th meeting were read and approved.

The first order of business was a motion by Gustafson, seconded by Harjes, to approve the following guidelines for a County Compensation Board as agreed upon by the County Attorney, Auditor, Recorder, Sheriff, Treasurer, and Supervisors: the designees of the Supervisors, Treasurer and Attorney shall be appointed to 2 year terms with the appointments of the Auditor, Recorder, and Sheriff being appointed for 4 years, all having been determined by lot; the deadline for submission of names of the designees shall be September 1, 1987; the first meeting of the Compensation Board shall be convened by Auditor Strawn on September 15, 1987 at 7:30 P. M. in the Board of Supervisors Room of the Buena Vista County Courthouse; County Attorney Ritchie, with assistance from the Auditor, shall distribute the data and instructions on how to proceed at the September 15th meeting; the deadline for the Compensation Board's recommendations to the Board of Supervisors shall be January 31, 1988; expenses of the Compensation Board shall be reimbursed from the General Fund; and finally, the Auditor will be available to offer technical assistance if requested. Ayes--all. Motion carried.

Drainage Engineer Darel Burns presented a contract signed by Koth Construction for work on D.D. #123. Motion by Burnside, second by Rehnstrom, to authorize the Chairman to sign the contract with Koth Construction for D.D. #123. Ayes--all. Burns gave the revised report of the Benefit Commission on D.D. #49 Lateral 2. September 1, 1987 was the date set for the Public Hearing on the Commission's report. Notice will be published not more than 20 days prior to the hearing date. Burns also presented the report of the Benefit Commission on D.D. #82 along with specifications and notice to bidders for construction in that district. The date for the bid letting and the Public Hearing for the Benefit Commission's report was set for September 1, 1987 at 2:30 and 3:00 P.M. Motion by Burnside, second by Harjes, to tentatively approve the Commissioner's Report. Ayes--all. Burns notified the Board of a drainage problem in D.D. #34 and provided a copy of a letter written by him to the concerned landowner.

Sheriff Duane Heeney introduced Joel Sivinski to the Board as the candidate selected for the deputy position. Motion by Gustafson, second by Burnside, to approve the appointment of Joel Sivinski as a deputy in the Sheriff's office at \$8.00 per hour with increases to \$8.25 per hour after completion of 6 months, \$8.50 after 12 months, and \$8.82 after 18 months effective July 27, 1987. Ayes--all.

County Attorney Corwin Ritchie, met with the Board concerning the Communications Center. Also in attendance were Sheriff Duane Heeney, Attorney Willis Hamilton, and Comm. Center Supervisor Denise Kleen. Ritchie described in detail the 28E agreement prepared by himself and Storm Lake City Attorney Paul Havens for the operation of the Buena Vista County Communications Center. When asked how this agreement differs with the one in effect in 1980 with regard to raises, Ritchie replied that the agreement provides the wages be consistent with those other County employees in similar job classifications. Ritchie noted that all entities named in the agreement have received copies but that no responses have yet been received. Gustafson, saying that he is opposed to any 28E agreement, moved that the supervision of the Communication Center be turned over to the County Sheriff's department. Chairman Vail called for a second to the motion, twice. Hearing none, he declared that the motion died for lack of a second. Vail spoke in favor of having all beneficiaries of the Comm. Center involved in the decision-making. Ritchie noted that since Sheriff Heeney, representing one of the entities involved, was here, that perhaps he would like to comment. Attorney Hamilton, speaking for Heeney, declined to indicate the Sheriff's opinion of the agreement and said that if the Board generally approved the agreement, he would offer some suggestions for changes. Chairman Vail called for a motion. Burnside moved, second by Harjes, to approve the 28E agreement drafted by County Attorney Ritchie for the operation of the Communications Center. Ayes--3, Nays--1. Motion carried. Hamilton advised the Board that in its present form, Sheriff Heeney would not sign the 28E agreement. If some changes were made, he would consider signing it. Hamilton stated that he would be willing to meet with Heeney and a member of the Board for discussion. The Board requested that he present some ideas on paper to Ritchie for his review, and determined that this meeting would reconvene at 1:00 P. M., tomorrow, July 22nd, to consider the changes.

Deputy Assessor Kim Carnine presented a list of homestead ^{and/or military exemption} applications that had been filed late. Motion by Gustafson, second by Burnside, to approve the homestead ^{and/or military exemption} applications filed late as recommended by the Assessor. Ayes--all.

Human Services Director Anita Hallquist reported the condition of the Buckingham Trust Fund including the activity in the last 2 years. Another report compared yearly expenditures for work activity and sheltered work. Hallquist presented one request for assistance with a medical bill. Motion by Rehnstrom, second by Harjes, to approve \$1,000.00 for a tonsillectomy to be paid from the Buckingham Trust fund (B.S.7-21-87) Ayes--all.

Motion by Gustafson, second by Harjes, to appoint Sally Grunig to the Courthouse Committee. Ayes--all.

Sheriff Duane Heeney, Treasurer Sally Grunig, Recorder Ferne Frederiksen, and Auditor Karen Strawn presented a verbal request to the Board for a response to their earlier request regarding raises for the elected officials. A written request to reconsider a December, 1986 decision to cut Compensation Board recommendations had been submitted on June 9th. Grunig reminded the Board that 7 deputies are at the maximum and can receive raises only if their principal officers receive them. Harjes replied that he made his decision in December and feels compelled to stick with it. Gustafson voted against the freeze and

BUENA VISTA COUNTY, IOWA

that at budget time the Board had indicated that they favored increases for hourly employees. Rehnstrom said that the officers might see increases in the future. Chairman Vail then asked for a motion and, hearing none, declared that the prior action stands.

Treasurer Grunig presented her semi-annual report and a request for approval of her recommendation for increases in pay from \$4.50 to \$4.75 for LaDonna Brummer and 65% to 70% of the Treasurer's salary for Joan Reiling. Motion by Gustafson, second by Harjes, to approve the increases for LaDonna Brummer and Joan Reiling effective Sept 1, 1987 for Brummer and August 1, 1987 for Reiling. Ayes--all. Two requests for abatement of penalty and interest on taxes that were paid late were denied. She also reported that she had received a certified check from a taxpayer to clear a bad check he had written earlier. The Board also approved a claim from the B.V. County Fair Board for payment of \$10,000.00 of their \$30,000.00 FY 1987-88 appropriation.

John Demers presented a final bill for crop expenses for the county farm, reported on the crop condition, and reviewed the PIK payment received.

Harold Rowley, Chairman of the BV Co. Landfill Commission, discussed the current activity of the Commission. The option currently being considered, a burning process, would require no payment until all permits are approved, it is in full operation, and has proven itself. Rowley asked about a method of financing since the Commission cannot itself issue general obligation bonds which would be easier to sell than revenue bonds. The commission will be checking to see if financing from the federal government might be available since this option is still in the development process and the Buena Vista County unit would be a test project.

Leslie Bruns met with the Board to discuss a severe problem with butterprint weeds growing in his area and to ask what solutions were available to him. The Board will look into the situation.

After reviewing the mental health accounts, the consensus of the Board was to submit the names of individuals who have not responded to any billings, or have not made their scheduled payments, to Henry Hardt, County Attorney's office, for small claims action.

Ted Brown, Assistant County Attorney, with County Engineer Don Linnan, presented the agreement drafted by him concerning paving for the Stoney Point Bay plat. Motion by Harjes, second by Burnside, to accept the agreement prepared by Ted Brown regarding paving of a road in the Stoney Point Bay plat pending signing by the developers, Todd Gaffney and Mike Pertzborn, and to authorize the chairman to sign same after the signing of the developers. Ayes--all.

Linnan presented a request from Vern Stokes for approval to run a waterline (in a casing) under the road. Motion by Rehnstrom, second by Gustafson, to approve a permit for underground construction for Vern Stokes. Ayes--all.

Motion by Harjes, second by Burnside, to appoint Auditor Strawn to the Deferred Compensation Board. Ayes--all.

Motion by Gustafson, second by Burnside, to approve the following reports: June Western IA Tourism, NWIPDC, 4th Qtr FY 86-87 Recorder's fees, April HM/HHA site visit, annual report of B.V. Co. Ag Extension, Recorder's amended June 30, 1987 accounts receivable, IA DOT - Okoboji Protection Association, Spectra Health Inc. inventory, and Buckingham Trust. Ayes--all.

BUENA VISTA COUNTY, IOWA

BOARD OF SUPERVISORS MEETING THIRTIETH MEETING, 1987 SESSION (30) JULY 22, 1987

The Buena Vista County Board of Supervisors met in special session pursuant to adjournment on July 22, 1987 at 9:00 A.M. with Chairman Richard Vail presiding, and with the following other members present: Rehnstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting. Also present for the meeting were County Attorney Corwin Ritchie, Storm Lake City Attorney Paul Havens, Storm Lake Mayor Wilbur Tucker, Storm Lake Police Chief Ed Gross, Sheriff Duane Heeney, Attorney Willis Hamilton, and Comm. Center Supervisor Denise Kleen. The purpose of the meeting was to consider changes proposed by Sheriff Heeney in the 28E agreement for the operation of the Communications Center.

Attorney Ritchie read a letter from Willis Hamilton outlining Heeney's proposed changes to the 28E agreement indicating that a non-law enforcement agency cannot be on the Board of Directors of the Communications Center and that it should be advisory only, not a governing board. Havens reported his research with the Iowa Department of Public Safety indicating that this 28E agreement as drafted is functional because non-law enforcement agencies share the services of the Comm. Center and that as written, the agreement provides for the Board of Directors to establish the procedures for day to day operations.

Supervisor Gustafson read an Attorney General's opinion regarding the Board of Supervisors assuming responsibility for the law enforcement communications center. Ritchie noted that the circumstances of that case were not the same as in this situation.

Chairman Vail called for any additional comments or action on the proposed 28E agreement. Burnside moved, seconded by Harjes, to approve the 28E agreement for the operation of the Comm. Center and to authorize the Chairman to sign same. Ayes--3, Nays--1. Motion carried.

There being no further business, the meeting was adjourned to Tuesday, July 28, 1987 at 9:00 A. M. for a special session.

BOARD OF SUPERVISORS MEETING THIRTY-FIRST MEETING, 1987 SESSION (31) JULY 24, 1987

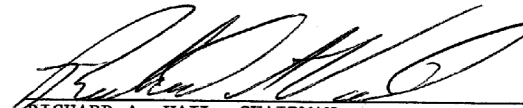

The Buena Vista County Board of Supervisors met in special session pursuant to adjournment on July 24, 1987 at 1:00 P. M. with Chairman Richard Vail presiding, and with the following other members present: Rehnstrom, Harjes, Gustafson; absent: Burnside, and with Auditor Strawn acting as clerk for the meeting. Also present was County Attorney Corwin Ritchie. The purpose of the meeting was to consider an amended 28E agreement for the operation of the Comm. Center.

Attorney Ritchie reported to the Board that 2 of the criminal justice agencies which were to have been included in the 28E agreement have chosen not to sign the agreement and participate in the governing of the Communications Center. The Iowa Department of Public Safety requires the Board of Directors to have a majority of members from criminal justice agencies. Therefore, it was necessary to restructure the agreement to reflect that requirement and to delete 2 agencies from the agreement. The amended agreement calls for a 7 member Board of Directors.

Chairman Vail called for further discussion or action on the amended agreement. Motion by Harjes, second by Rehnstrom, to approve the amended 28E agreement for operation of the Communications Center and to authorize the Chairman to sign same. Ayes--2, Nays--1. The Chairman declared that there was not a majority and asked the Auditor to poll the Board. Gustafson-nay, Harjes-aye, Rehnstrom-aye, Vail-aye. Motion carried.

There being no further business, the meeting was adjourned at 1:40 P. M. to Tuesday, July 28, 1987 at 9:00 A. M. for a special session.

The minutes of the July 21, 22, 24, and 28th meetings were read and approved.

Custodian Rollie Sievers advised the Board of the problems with the air-conditioning system for the Courthouse and discussed utilization of the Courthouse space available. He requested a change in the scheduling for his department. The consensus of the Board was, that since he is the head of his department, he has the authority to make changes.

Deputy Assessor Kim Carnine presented 2 military applications that had been filed late. Motion by Gustafson, second by Burnside, to approve the ~~homestead~~ ^{military} applications filed late as recommended. Ayes--all.

Smoking in the courthouse will be discussed at the Department Head meeting on August 7.

Notification from the Department of the Army indicated that the county should request an extension of time regarding a bridge project in Grant Township. Engineer Linnan will request the extension. An inquiry from Ralph Koskovich regarding replacement for eyeglasses damaged while he was mowing was investigated. The county does not carry insurance to cover this type of loss. Supervisor Burnside reported that she had received a request for a stop sign in Section 26, Washington Township.

Motion by Gustafson, second by Burnside, to approve the request for, and to direct the County Engineer, to have the Buena Vista County Secondary Road Department perform routine surface maintenance work on the North & South portion of old primary road 352 within the corporate limits when requested by the Mayor of Truesdale, Iowa. In the discussion following the motion, the consensus of the Board was that future requests from other municipalities would be considered individually and upon their own merit. The vote on the above motion was: Ayes--all.

Linnan discussed with the Board the condition of the shoulders along 2 miles of road on the east sides of Sections 17 & 20 where the steep slope of the ditch and the heavy rains have caused erosion of the shoulders. BUENA VISTA COUNTY, IOWA

Auditor Strawn informed the Board of Spectra Health Care's offer to purchase a new lawnmower instead of using one provided by the County. The Board agreed to accept their offer. Supervisor Harjes will investigate a bill from Rasmussen's for repair of the old mower.

The following motion was made by Harjes and seconded by Rehnstrom:

WHEREAS, Michael J. Pertzborn and R. Todd Gaffney have presented a preliminary and final plat of Stoney Point Bay as above described; and

WHEREAS, The final plat meets with the approval of the Board subject only to the following, if any: that the streets thereof shall remain private and Pertzborn and Gaffney, their heirs, assigns and successors in interest shall not request them to become public until such time as they are graded and paved in compliance with the minimum street requirements for rural residential subdivisions in Buena Vista County.

Don McVinoa, Don's Body Shop, discussed with the Board the past policy of towing and storage of vehicles by him upon request by the County. He presented bills for these services dating back to 1974 totalling \$48,637.00. The Board will have the County Attorney investigate Mr. McVinoa's request for payment.

Buena Vista County Magistrates Jim Gailey and James Schall met with the Board about the utilization of space in the Courthouse. They explained that since additional space is needed by the Human Services department, and also that since the traffic for District Court is low, they would suggest that magistrate court be moved to the sub-Courtroom so that all court related activities would be located on one floor. 2. Also, the second line of paragraph two of present policy should read as follows: "The work week will start at 12:01 A. M. on Saturday and end at 12:00 midnight the following Friday."

3. Finally, the last two lines of the present policy that read as follows - All leave time, vacation and holiday pay will be based on the normal working hours for the time of year they are used, - shall be removed from these Dept. rules since they are in conflict with the Buena Vista County Personnel Policy.

Linnan reported that the city of Marathon had located a burn site which will be available to them after the crop is removed. The city requested the use of the county's gravel pit until that time. The Board approved. Linnan advised the Board of a request for an estimate of the cost of a bike path around Storm Lake. He referred the inquirer to the D.O.T. to ask about requirements for distance of the path from the roadway.

After discussion of County Identification cards, motion by Harjes, second by Burnside, to appoint the County Auditor to be the authorizing official for applications for County I.D. cards and to set the expiration date of the cards as the expiration of their term in the case of elected officials and four years from the date of completion of the application in the case of appointed or hired employees. Ayes--all.

Linnan reviewed his department's need for access to fuel in locations where the county no longer has fuel storage facilities. He was authorized by the Board to apply for the necessary computer access cards for his personnel and allow them to obtain fuel from the locations using the system.

In answer to an inquiry, the Board agreed that in accordance with state and federal government observance, Buena Vista County will observe Veteran's Day on November 11 each year.

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
THIRTY-EIGHTH MEETING, 1987 SESSION (38)
SEPTEMBER 10, 1987

The Buena Vista County Board of Supervisors met in special session pursuant to adjournment on September 10, 1987 at 9:00 A. M. with Chairman Richard Vail presiding, and with the following other members present: Rehnstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting.

9:00 A. M. The time having arrived for negotiations on the purchase of a motor grader, Engineer Don Linnan, Shop Foreman Brad Raveling, and Kim Greenfield, Gibbs/Cook, Spencer, met with the Board. No decision was made at this time. Greenfield will meet again with the Board on September 22.

BUENA VISTA COUNTY, IOWA

10:30 A. M. The time having arrived for negotiations on the purchase of a truck, Michael Barry from Barry Motors Co., Danbury, Iowa, met with Linnan, Raveling, and the Board. After discussion, motion by Harjes, second by Gustafson, to purchase a Ford truck from Barry Motors, Co., Danbury, Iowa, for \$39,800.00 with trade-in of the 1977 Ford Truck with plow and sander. Ayes--all.

Weed commissioners Norman Lund and Roger Sievers reported on the 1987 Weed program and explained the difficulty of enforcing the law on noxious weeds. They agreed with the Board that a strict program of enforcement for 1988 was in order. In discussing how to cover the whole county for the 1988 program, Burnside suggested a division of the county into quarters with a licensed sprayer in each so that there is enough manpower to cover all of the weeds during the short time period that the spray is the most effective.

Sue Kennedy, Deputy Auditor, reported the plans of the Bicentennial of the Constitution Committee for celebration of that event on September 16, 1987. An open house in the lobby of the courthouse is scheduled for 11:00 A.M. to 1:00 P.M. with Mr. and Mrs. Lewis Julius greeting those attending. A television will be set up to view a special program which includes a reading of the Preamble of the Constitution and the Pledge of Allegiance. A special flag commemorating the event will be on display. The Board commended the committee which included Kennedy, Kathy Croker, Appraiser, Joan Reiling, Deputy Treasurer, and Richard Vail, Board Chairman, for their efforts.

Motion by Burnside, second by Gustafson, to approve the rate of pay for Bucky Rehnstrom, Contract Nurse, at \$10.00 per visit. Ayes--all.

By consensus, the Board authorized the Chairman to sign an open letter to county employees identifying Jerry Drietz as an agent for Capitol American Cancer Plan which is a company previously approved by the Board for payroll deduction.

Motion by Harjes, second by Burnside, that the proclamation of Governor Branstad designating September 14, 1987 as Iowa Voter Registration Day is hereby acknowledged and supported, and that the Buena Vista County Board of Supervisors hereby encourages all unregistered residents of Buena Vista County to register their names with the Buena Vista County Commissioner of Elections. Ayes--all.

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
FORTY-SECOND MEETING, 1987 SESSION (42)
OCTOBER 13, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on October 13, 1987 at 9:00 A. M. with Chairman Richard Vail presiding and with the following other members present: Rehnstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting.

The minutes of the September 29 meeting were read and approved.

Custodian Rollie Sievers discussed a painting schedule for the courthouse. The consensus of the Board was to paint in the necessary areas as time becomes available.

Supervisor Gustafson reported that a loan on corn had been applied for, a PIK certificate had been received, and that grain had been sold.

Supervisor Harjes reported on the meeting he had attended in Cherokee October 9, 1987 concerning juvenile detention. Discussion of a facility is in only a preliminary stage and no costs have yet been determined.

Deputy Assessor Kim Carnine presented late filings for military and homestead exemptions. Motion by Harjes, second by Burnside to approve the late filings as presented. Ayes--all. Assessor Ted VanGrootheest notified the Board of a Conference Board meeting to be held at 2:00 P. M. on October 27, 1987.

Engineer Don Linnan read a letter thanking the Board for bridge repairs that were completed prior to the harvest season and reported thanks from another person for field tile that had been installed.

Linnan presented stockpile quotes from Wirtjers Trucking, Sac City, at 98¢/ton, and from Ken Mauer, Storm Lake, at \$1.15/ton. Motion by Gustafson, second by Rehnstrom, to enter into a private contract with Wirtjers Trucking of Sac City for stockpiling 8000 tons of gravel at the pit between Linn Grove and Sioux Rapids and to authorize the Chairman to sign the contract. Ayes--all.

By consensus, the Board agreed to allow the Secondary Road department to level a site for a ball diamond at Truesdale when their equipment is in the area.

After presentation of equipment prices by the engineer, motion by Harjes, second by Rehnstrom to approve the purchase of a hydraulic dump box for \$9,688.00 and a tailgate sander for \$1,729.00 from Crysteel Dist. Inc. of Lake Crystal, Minnesota. Ayes--all. Snow removal contracts will be considered at a later time.

Anita Hallquist, Human Services Director, presented rental estimates from Bernie Kennedy and from Bob Hall for the larger space now being used by the D.H.S. A third estimate is expected and all will be submitted to the state for approval. Hallquist presented 2 requests for assistance with dental bills. Motion by Burnside, second by Gustafson, to approve payment of \$258.00 on a dental bill (J.N.10-13-87) and \$250.00 towards the cost of dental plates (T.B.10-13-87). Ayes--all.

Darlene Peterson, County Nurse, advised the Board of a problem with one of her clients and of the need to secure nursing supplies from another source since obtaining them from the hospital would violate the hospital's agreement with its supplier. The possibility of a purchasing group was discussed. The Board of Supervisors approved payment of meal expenses for the Board of Health at their quarterly meetings.

BUENA VISTA COUNTY, IOWA

Jim Langstraat from the State Auditor's office gave the Board a brief review of his audit of Buena Vista County for FY 1986-87 and requested signatures from the Board members regarding the availability of county records. He thanked the Board for the cooperation that he and Donna Krueger had received during the audit.

At 12:30 P. M. the Board met with Barb Lynch from the Department of Natural Resources at the County Farm to view the underground fuel storage tank that had been removed. Upon completion of the viewing and returning to the Supervisor's Room of the Courthouse, Lynch outlined the next step to be taken following the discovery of a hole in the tank. A test of groundwater must be made to determine if it has been contaminated. If it is not, testing of the surrounding soil must be done to determine the contamination of the soil. Underground water samples will be sent to the University of Iowa Hygienic Lab.

Lynch also discussed the possibility of dye-testing the septic systems of the property owners around Storm Lake to determine if there is contamination of the lake. She suggested that the various owners' associations be contacted to fully inform the property owners of the reason for, and method of dye-testing. Buena Vista County is the responsible authority for the septic systems of those landowners not living inside corporate limits.

M. with Chairman Richard Vail presiding, and with the following other members present: Rehnstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting.

Engineer Don Linnan presented an agreement for snow removal for the city of Rembrandt. Motion by Harjes, second by Burnside, to approve the snow removal agreement with Rembrandt for the 1987-88 year and to authorize the Chairman to sign the agreement. Ayes--all. Linnan reviewed the need for safety goggles. The Board approved the purchase of goggles for all Secondary Road employees.

Deann Hoambrecker, Teleconnect, met with the Board to discuss the billing and service problems of the county with Teleconnect services. She reviewed what needs to be completed to identify the origin of each call-screened accounting. Installation and monthly service charges will be waived. The Auditor requested, in addition to assistance in determining the origin of prior calls, that she review the county's account to determine what service or installation charges have not yet been billed. The Board thanked Hoambrecker for meeting with them and attempting to resolve the problems.

The need for recodification of the County's Ordinances was discussed. The Auditor will prepare the necessary information and procedures necessary to possibly include a new ordinance on gift reporting.

After discussion of the current resolution regarding payment of bounties for beaver tails, the consensus of the Board was to continue their policy of a \$25 bounty to be paid per beaver trapped in a Buena Vista County drainage district and trapped according to the conservation trapping regulations.

Motion by Gustafson, second by Rehnstrom, to approve Fuhrmann Tiling's contractor's bond for work on D.D. #83 and to authorize the chairman to sign the bond. Ayes--all.

Supervisor Harjes reported that Jeff Schlingman, NWIPDC, was willing to write a grant proposal for the water line project which will provide city water to the County Farm. The consensus of the Board was to go ahead with the grant application.

There being no further business, the meeting was adjourned at 11:50 A. M. to Tuesday, October 27, 1987 at 9:00 A. M. for a regular session.

BOARD OF SUPERVISORS MEETING
FORTY-FIFTH MEETING, 1987 SESSION (45)
NOVEMBER 3, 1987

The Buena Vista County Board of Supervisors met in special session pursuant to adjournment on November 3, 1987 at 9:00 A. M. with Chairman Richard Vail presiding, and with the following other members present: Rehnsstrom, Harjes, Gustafson, Burnside, and with Auditor Strawn acting as clerk for the meeting.

Sanitarian Ray Kurtz presented his report on current problems and concerns. Barbershops and beauty salons are currently inspected by the state, but due to the number of inspectors being so small, the inspections are done infrequently with the chance of inspections being over a year apart. State agencies and the public are now becoming aware of the hazard of radon gas. Kurtz renewed his request for a raise for Restaurant Inspector Dick Arndt, and for himself and highlighted the income generated by the restaurant inspection fees. No action was taken at this time.

Custodian Rollie Sievers reviewed plans prepared by Huntington Ewing Architects, P.C. for conversion of empty stairwell area into a secured storage space for the Sheriff. The Board set November 24, 1987 at 1:00 P. M. in the Supervisor's Room as the time and place for the opening of bids. Sievers was directed to have published a notice to bidders in the Storm Lake Pilot-Tribune.

Treasurer Sally Grunig presented a letter from an employee expressing concern over the policy of not being able to use, until completion of 1 year of employment, the sick leave that accrues at 1 1/4 days per month. The Board will give consideration to the letter.

Grunig reported that tax collections received in September, 1987 exceeded those in the same period a year ago by \$1,000,000.00. She credits the increase to the mailing of statements. Comments on the mailing have been quite favorable. The auto department has contacted owners of 900 vehicles whose tags were up to 2 years delinquent. The D. O. T. has notified County Treasurers that by July 1, 1988 there will no longer be card files for vehicle registration in the Treasurers' offices. All employees will need access to their own terminals. The Board approved payment of this expenditure of approximately \$850.00 plus wiring from the data processing fund. A microfiche reader will also be needed.

Treasurer Grunig and Auditor Karen Strawn presented a joint proposal for sharing a full-time employee between their offices. After discussion, the Board approved proceeding with the proposal, the details to be worked out between the officers and the minimum wage for a qualified candidate to be \$4.50.

Strawn presented several sample employee evaluation forms for consideration. The consensus of the Board was, since the department heads would be the persons using the forms, and since the purpose will be improvement of employee skills by awareness of strengths and weaknesses, that the department heads should work together to select or create a form which can be used by all departments with the possible exception of the Secondary Road department.

The Auditor informed the Board that the data processing department is storing in excess of 59 front load computer disks and a disk cleaner which were used on the old B800 computer which was replaced several years ago. She will inquire about erasing the data stored on the disks so that they can be sold.

BUENA VISTA COUNTY, IOWA

Engineer Don Linnan informed the Board that a water meter is to be installed in the county shed in Sioux Rapids. The Engineer will review winter road priorities at the next regular board meeting on November 10.

There being no further business, the meeting was adjourned at 11:55 A. M. to Tuesday, November 10, 1987 at 9:00 A. M. for a regular session.

10:00 A. M. -- The time having arrived for the public auction of 3 scavenger properties as published, the Board convened in the 1st Floor Public Meeting Room West of the Courthouse. Chairman Vail distributed "Important Facts about County Real Estate Auctions" and reviewed the information calling for questions about the procedures to be followed. Board members Burnside, Rehnstrom, and Vail agreed that properties sold today would have taxes due and payable before October 1, 1987 for the 87-88 collection year abated. Bids on 2 of the three properties were received. Subsequently, a bid received on the Truesdale property was withdrawn. Upon completion of the auction, the Board reconvened in the Supervisors' Room.

BOARD OF SUPERVISORS MEETING
FORTY-SEVENTH MEETING, 1987 SESSION (47)
NOVEMBER 10, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on November 10, 1987 at 9:00 A. M. with Chairman Richard Vail presiding and with the following other members present: Rehnstrom, Gustafson, Burnside, absent: Harjes, and with Auditor Strawn acting as clerk for the meeting.

The minutes of the October 27 and November 3 & 9 meetings were read and approved.

Deputy Assessor Kim Carnine presented several late filings for military and homestead exemptions. Motion by Burnside, second by Gustafson, to approve the late filings for military and homestead exemptions as presented. Ayes--all.

Jeff Schlingman from NWIPDC met with the Board to discuss the grant proposal he is writing for the county. The grant is being sought to help finance the cost of providing city water to the county owned buildings leased by Spectra Health Inc. If the application is accepted, 1/3rd of the cost would be paid by Buena Vista County with the balance being paid from the grant funding. Schlingman informed the Board that a public meeting to discuss the application is necessary. The Board set November 24, 1987 at 1:30 P. M. as the time for the meeting. Schlingman will work with the Engineer and the Sanitarian to prepare the documentation for the application. Schlingman noted that the needs assessment statement required for the application could be used in the future as a policy document.

Consulting Engineer Neal Kuehl provided some cost estimates for the water project. Using a 4" pipe for 16,000 feet, the cost including administrative fees would be about \$108,400.00. Using a 6" pipe the cost would be \$134,535.00. After discussion of the merits of each, the Board instructed Schlingman to write the proposal using the 6" costs.

Motion by Gustafson, second by Rehnstrom, authorizing the Chairman to sign a contract with Taylor Contracting for repair of the fire damaged ceiling in the building leased by Spectra-Health Inc. Ayes--all.

Clerk of Court Donna McPherrren reported that the 2 certificates of deposit for the Buckingham Trust Fund will be due for renewal on November 14. Motion by Gustafson, second by Burnside, to reinvest the face amounts (\$16,000.00 each) with one for 2 years and the other for 4 years and to deposit the excess in the checking account. Ayes--all.

Human Services Director Anita Hallquist presented a request for assistance with a dental bill. Motion by Gustafson, second by Rehnstrom, to approve payment of \$1,825.00 for dental work for one person from the Buckingham Trust Fund (T.A. 11-10-87). Ayes--all.

County Engineer Don Linnan reviewed winter maintenance and snow removal priorities for each supervisor district with the corresponding supervisor. The Board discussed how to inform the public and various civic groups of the need to urge our legislators to leave the road tax formula as is. Road use tax is an important source of funding for county roads. Currently these funds are distributed: 9 1/2% off the top, then 45% to the state, 37% to the county, and 18% to cities.

Motion by Gustafson, second by Burnside, to request that the D. O. T. do a speed study on the road located on the south side of Section 35-91-37 from Geisinger Road to Rothmoor Road. Ayes--all.

Damage done to the Communications tower site will be handled by the Communications Commission since it is the governing body for the tower and site.

After consideration of the raise requests for the Sanitarian and Restaurant Inspector, and based on the following: the Sanitarian is solely responsible for his department which is distinct and separate from Public Health, the Sanitarian's duties have increased with the addition of restaurant inspection and another employee, and the 6 month evaluation period of Arndt has been successfully completed, motion

BUENA VISTA COUNTY, IOWA

Motion by Gustafson, second by Burnside, to approve the following reports: October Clerk's fees and surcharges, Mental Health admissions, NWIPDC, NW IA ADTU, 1987 Weed Commissioner's report. Ayes--all.

KAREN M. STRAWN, AUDITOR

RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
FORTY-EIGHTH MEETING, 1987 SESSION (48)
NOVEMBER 24, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on November 24, 1987 at 9:00 A. M. with Chairman Richard Vail presiding and with the following other members present: Bob Rehnstrom, Jim Gustafson, Lorna Burnside, Don Harjes, and with Auditor Karen Strawn acting as clerk for the meeting.

The minutes of the November 10th meeting were read and approved.

Brent Mangold, Mangold Environmental Testing, and County Sanitarian Ray Kurtz appeared before the Board to present a proposal for meeting the requirement of having a licensed operator test the lagoons at the Spectra Health Care site. Motion by Harjes, second by Burnside, to approve Mangold's proposal to provide the quarterly reporting of the test results with Kurtz or some other operator providing the legwork (i.e. drawing samples) during this next quarter or longer if needed, and to authorize the Chairman to sign the affidavit with the Department of Natural Resources. Ayes--all.

Drainage Engineer Darel Burns presented his report on the completion of the construction project for D.D. #82 Lateral 2. He noted that the project came in less than the estimate. Motion by Burnside, second by Rehnstrom, to tentatively approve the Engineer's Final Report, to set December 22, 1987 at 1:00 P. M. in the Supervisor's Room as the time and place for the Completion Hearing, to notify owners and tenants with proper notice by mail and publication, and to order levies in the following amounts: 70% on Lateral 2 Extension, 95% on Lateral A, 98% on Lateral B, and 155% on Lateral E/F, due and payable January 1, 1988, delinquent April 1, 1988, with a 10 year waiver at 9% interest allowed, waiver to be signed by February 15, 1988. Ayes--all.

Burns reported that a letter of request from the Conservation Board for a survey had been referred back to the Conservation Board, the survey then was done by another surveyor.

Motion by Burnside, second by Rehnstrom, to abate the taxes and penalties on parcel #2349.00 in Linn Grove owed by Virginia and Paul Senjen in the amount of \$35.00 which is over and above the purchase price of \$10.00, the parcel having been purchased at the scavenger auction on November 9, 1987 by Marian McNabb. Ayes--all.

Custodian Rollie Sievers discussed the choice of materials for adding insulation to cold walls.

Engineer Don Linnan reported to the Board a request from IBP to add to the area to be irrigated, permission having been granted on the initial request in September. Motion by Gustafson, second by Burnside, to expand the permit request from IBP approved September 29, 1987 to allow placing irrigation pipe from the culvert under the road South of Section 13, Hayes Township East in the North road ditch to the R.O.W. of U.S. Highway 71. Ayes--all.

Also received from IBP was a request to unload sludge from one unit to another from a position on a public road. After discussion, the consensus of the Board was to not grant permission. The reasons for refusal included: possible hindrance of traffic, possibility of spills, and the terrain of the location, all causing a possible liability problem for the County.

Human Services Director Anita Hallquist reported that Ann Brodersen, Special Needs Coordinator for the Department of Human Services in the Sioux City District, will meet with the Board on December 22 to discuss the Bill of Rights for Person with Mental Retardation, Developmental Disabilities or Chronic Mental Illness and also 2 pilot projects in her department. Hallquist also informed the Board that 47 families are being served by the Thanksgiving Adopt-A-Family project. Plans call for the same kind of project for Christmas.

A request for consideration of an increase in the county's share of reimbursement for services from the Florence Crittenton Home, Sioux City, was received. Cuts in state funding have increased the amount the county is asked to pay. Motion by Gustafson, second by Harjes, to approve the increase

SUPERVISOR'S RECORD, No. 17

MATT PARROTT & SONS CO., WATERLOO, IOWA 78-0160

Treasurer Sally Grunig and Auditor Karen Strawn presented a request to hire Shawn Johnson for a shared full-time position. Motion by Burnside, second by Rehnstrom, to approve hiring Shawn Johnson for a shared full-time position between the Treasurer's and Auditor's offices at \$4.50 per hour beginning December 7 or sooner, to approve that her wages be paid 50% by J.T.P.A. and 50% by the county for a period of six months, to state that the employee's work will be evaluated by the Treasurer and the Auditor, at the completion of 6 months employment, both as a J.T.P.A. candidate, and also, as required by the county's personnel policy, and finally that her salary will be reviewed at the time of her evaluation. Ayes--all.

A letter received from a county employee concerning the use of sick leave after completion of 6 months of employment was discussed. Based upon an opinion from Renee Bokern, Iowa Industries Council, motion by Harjes, second by Gustafson, to change the personnel policy to allow for use of accrued sick leave at the completion of 6 months of employment, ^{effective immediately} (the change to be included in the next set of amendments to the personnel policy). Ayes--all.

Public Health Nurse Darlene Peterson reviewed the Board of Health minutes. Motion by Gustafson, second by Harjes, to approve hiring Collette Carothers as a part-time nurse at \$8.20 per hour effective 11/22/87. Ayes--all. Peterson informed the Board that Joyce Howard HM/HHA Supervisor, will be retiring as supervisor on January 1, 1988 and Arlene Waggoner, currently serving as her assistant will fill that vacancy.

Richard Burr met with the Board to brief them on the meeting concerning insurance held at Buena Vista College on November 22nd. He encouraged the Board to designate one of its members, or some other person, as its insurance representative. Burr discussed insurance pools and other related topics with the Board.

1:00 P. M. The time having arrived for the bid letting on the secured storage area for the Sheriff. Glen Huntington, Huntington Ewing Architects, P.C., reviewed the plans for conversion of a window well area to a secured storage area. Bids were received from Taylor Contracting, Storm Lake, and Paul Park Company, Storm Lake. After consideration of the bids, motion by Harjes, second by Gustafson, to accept the low bid of \$4,952.00 from Paul Park Company and to authorize the Chairman to sign the contract for the project. Ayes--all.

1:30 P. M. The time having arrived for a public meeting on the grant application for funds for construction of a water line to the county owned buildings leased by Spectra Health Care, Inc. One person was present for the meeting. Jeff Schlingman, NWIPDC and writer of the grant application, answered questions of the Board and of the media. He stated that these funds are paid on an 'as authorized' basis directly to the contractor, not on a reimbursement program, thus eliminating the need for the county to budget more than its 1/3 share of the total cost. Hearing no objections to the project from persons present, the Chairman closed the public meeting. Motion by Harjes, second by Burnside, to approve the application for Community Development Block Grant funds for the Spectra water project and to authorize the Chairman to sign the application. Ayes--all. Motion by Gustafson, second by Harjes, to approve the Buena Vista Community Development and Housing Needs Assessment, with an addition of economic development, and to authorize the Chairman to sign the list. Ayes--all. Motion by Rehnstrom, second by Burnside, to commit county funds in the amount of \$46,932.00 (1/3 of the project cost) for the Spectra water project with the remaining \$91,103.00 (2/3) to be funded by the grant. Ayes--all.

Motion by Burnside, second by Rehnstrom, to approve a claim from Carl Mauer Excavating, Lake View, for labor and backhoe for a repair on Lateral #4 in Jt. D.D. #19-26 in the amount of \$549.42, to authorize Supervisor Gustafson to sign the claim as he had served as chairman of the joint meeting held November 18, and to direct the Auditor to forward the claim to the Sac County Auditor for payment. Ayes--all.

A claim for \$3,742.84 from Don's Body Shop for repairs to a Sheriff's vehicle was discussed. The consensus of the Board was to accept IMT's offer to pay one-half of the repair cost with the balance to be paid from county funds as the county self-insures for collision.

Motion by Burnside, second by Gustafson, to authorize the Auditor to destroy cancelled warrants for the years 1970-1979 and election materials (except the official canvass and tally lists which are permanent records) for elections during 1978-1986, the time period for retention of these records, as listed in the State Historical Society of Iowa manual "Iowa County Records Manual", having expired. Ayes--all.

Reports from Ruth Tucker, Buena Vista County Mental Health Advocate, and Joan Sliefert, Mental Health Clerk, were received and reviewed. Sliefert reviewed the results of interviews with persons having mental health accounts with the county. Additional interviews will be scheduled. The Board also reviewed a report of the DHS audit.

Motion by Rehnstrom, second by Harjes, to approve the following reports: November NWIPDC, Conservation, Board of Health, 1st Qtr FY '87-88 Veteran's Affairs, Mental Health admissions. Ayes--all.

MATT PARROTT & SONS CO., WATERLOO, IOWA 78-0160

BOARD OF SUPERVISORS MEETING
 FORTY-NINTH MEETING, 1987 SESSION (49)
 NOVEMBER 30, 1987

The Buena Vista County Board of Supervisors met in special session pursuant to adjournment on November 30, 1987 at 9:00 A. M. with Chairman Richard Vail presiding, and with the following other members present: Bob Rehnstrom, Lorna Burnside, Don Harjes, and Jim Gustafson, and with Auditor Karen Strawn acting as clerk for the meeting.

The purpose of today's meeting was to discuss a request for paving of a stub road in the Casino Beach area. An Attorney General's opinion requested by Assistant County Attorney Ted Brown was received and discussed. Also, a study done by Kuehl and Payer on the project requirements was reviewed. No action was taken at this time, however, the study will be made available to the Casino Beach residents.

Motion by Rehnstrom, second by Gustafson, to accept a late waiver signing on D. D. #3 from Clifford Christensen due to unusual circumstances. Ayes--all.

The Auditor was directed to make an appointment with the Newell-Providence School Board for their December 7th meeting. The County Engineer and one of the Supervisors will present information urging the board to support protection of the current road use tax formula. School Districts are dependent on the county secondary road system for bus routes. Changes in the formula would reduce funding for county road budgets. Information was presented to the Farm Bureau and will also go to other school boards in the county.

There being no further business, the meeting was adjourned at 11:55 A. M. to Tuesday, December 8, 1987 at 9:00 A. M. for a regular session.

 KAREN M. STRAWN, AUDITOR

 RICHARD A. VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING
 FIFTIETH MEETING, 1987 SESSION (50)
 DECEMBER 8, 1987

The Buena Vista County Board of Supervisors met in regular session pursuant to adjournment on December 8, 1987 at 9:00 A. Drainage Engineer Darel Burns presented his final report on the completion of the project on D.D.#3. Motion by Gustafson, second by Burnside, to tentatively accept the report, to set the date and time of the public hearing for January 19, 1988 at 1:00 P. M. in the Auditor's office, and to direct the Auditor to give proper notice by mail and publication to the appropriate persons. Ayes--all.

Ayes--all.

Engineer Don Linnan suggested that the Supervisors send to the D.O.T. a letter of requirements for tile lines that would be effected in Highway 71 improvements in order to ensure that there is no damage to drainage facilities.

Linnan informed the Board that Elden Schmidt had moved out of the county and therefore is no longer qualified to serve on the Zoning Commission. His territory included Lee and Poland Townships.

Human Services Director Anita Hallquist asked the Board to approve an 'Amendment to Participation Contract'. Motion by Gustafson, second by Burnside, to approve the document and direct the Chairman Pro-tem to sign the Amendment. Ayes--all. Hallquist also reported on the effort to establish a program for transition of persons from a structured situation (i.e. high school), to independent living.

BOARD OF SUPERVISORS MEETING
FIFTY-SECOND MEETING, 1987 SESSION (52)
DECEMBER 31, 1987

The Buena Vista County Board of Supervisors met in special session pursuant to adjournment on December 31, 1987 at 1:00 P. M. with Chairman Richard Vail presiding, and with the following other members present: Bob Rehnstrom, Lorna Burnside, Don Harjes, and Jim Gustafson, and with Auditor Karen Strawn as clerk for the meeting. The purpose of the meeting was to complete the business of 1987.

County Engineer Don Linnan distributed maps on Farm-to-Market road construction proposals.

Farm to Market Resolution

BE IT RESOLVED: That the Board of Supervisors of Buena Vista County, Iowa, on this 31st day of December, 1987, initiates and recommends that the following projects be approved by the Iowa State Highway Commission for improvement with Farm to Market Funds the projects being: FM-11(11), FM-11(12), and SR-3029(1), be it further resolved that this resolution becomes void if no work, using Farm to Market funds, is initiated within five (5) years of the above date, and the Chairman is hereby authorized and directed to sign this Farm to Market Resolution. This motion carried unanimously.

Linnan discussed options for repair/reconstruction of a narrow road lying in proximity of a drainage district.

Willard Kracht, Doug Kracht, Ray Doherty, Jess Fastenow, Bob Donahoo, and Wendell Nothwehr, from the northwest part of the county, requested an opportunity to speak to the Board. They expressed concern over the icy condition of blacktop roads in their area and requested an explanation of the county's policy for treatment of ice. Chairman Vail and Engineer Linnan both addressed the group. Sanding of intersections is currently being done, however, sand does not facilitate the clearing of ice. Past policy has been to not treat the entire length of these roads with sand, salt or chloride due to the lack of storage for bulk supplies. Linnan noted that a policy of treating ice with chemicals would require renting, purchasing, or building at least two bulk storage facilities in order to serve the entire county. Current equipment could be used to treat the roads. Donahoo requested that the Board research the cost that would be incurred to permit a change of the current policy. The group reiterated that they felt the current policy serves to create dangerous conditions when ice forms on the roads.

Don Elk, Colburn & Elk Agency, presented information on the insurance policies to be provided by ISAC which were approved at the Board meeting on December 22, 1987. He also presented a quote for Worker's Compensation coverage from the Grossman-Kinney Agency. Motion by Gustafson, second by Burnside, to purchase worker's compensation coverage from Grossman-Kinney Insurance Company for the 1988 year, the policy being on a 3 year retrospective rating plan, and to appoint Don Elk, Colburn and Elk Agency, the local agent for this coverage. Ayes--all.

The following claim was audited and allowed: Secondary Road Fund-Steven C. and Amy E. Jessen - parcel of land \$4,000.00.

There being no further business, the meeting was adjourned at 4:45 P. M. to Monday, January 4, 1988 at 9:00 A. M. for an organizational session.
