SLADC President Ken Davis presented Supervisor Rehnstrom with a Certificate of Appreciation for his participation on the Board during 1990. Davis, with John Rodeen, presented SLADC's request for FY'92 funding in the amount of \$30,000.

The Board addressed the recommendations for raises for Elected Officials for FY'92 submitted by the Buena Vista County Compensation Board. An across the board 4% wage increase was recommended. The Compensation Board approved the following schedule for elected officials' raises for fiscal year 1992: County Attorney \$30,326.40, Sheriff \$33,696.00, Treasurer \$27,040.00, Auditor \$27,040.00, Recorder \$27,040.00, Supervisor \$15,683.20, Chairman \$16,183.20; all are 4% increases. Motion by Harjes, second by Burnside to approve the raises as recommended. Rehnstrom stated he supports holding the line. Present for the meeting were:

- Pocahontas County: Supervisors Ralph Christiansen, Margene Bunda, Dave Stoullil, and Vince Triggs, and Engineer Bob Reinhart;
- Buena Vista County: Supervisors Vail, Burnside, Gustafson, Harjes, and Rehnstrom, Engineer Linnan, Drainage Engineer Darel Burns, and Auditor Karen Strawn;
- People's Natural Gas: Karl Davis-Pocahontas, Brian Krohn, Jim Novacek, and K.G.Henderson from the Spencer office;
- Media: 1 person.

The purpose of the meeting was to discuss the proposed installation of a natural gas line in the road ditch by tapping onto another line at a location south of Newell, Buena Vista County, Iowa, and running the line into Fonda, Pocahontas County, Iowa, and to request issuance of the necessary permits for the installation. Potential problems were addressed by the county engineers, and boardmembers questioned procedures for locates. Several locations for placement of the gas line were examined. For the purposes of discussion, Christiansen suggested that People's install the line down the edge of the road on the north side with proper agreements that the gas company has full responsibility for all maintenance and any future required moving at no cost to either county. Linnan suggested that perhaps installation in private ROW in Buena Vista County, and in public ROW in Pocahontas County would be acceptable. The Chairman suggested that each Board will need to come to an agreement individually. Harjes would like to know the Pocahontas Boards' action before making a decision. People's would like an answer in about 4 weeks right after the Franchise Election is held in Fonda on March 26.

4:00 p.m. -- The business of People's Natural Gas being concluded, motion by Harjes, second by Christiansen, to meet as a Joint Board of Trustees for the joint Drainage Districts of Buena Vista and Pocahontas County, Iowa, with Vail serving as Chairman, and Strawn as Secretary for the meeting. BOARD OF SUPERVISORS MEETING FOURTEENTH MEETING 1991 SESSION (14) APRIL 9, 1991

The Buena Vista County Board of Supervisors met in regular session on Tuesday, April 9, 1991 at 9:00 a.m. in the Boardroom with Chairman Vail presiding and with the following other members present: Burnside, Gustafson, Harjes and Rehnstrom, and with Auditor Strawn as clerk for the meeting.

RICHARD VAIL, CHAIRMAN

BOARD OF SUPERVISORS MEETING THIRTY-SECOND MEETING, 1991 SESSION (32) SEPTEMBER 30, 1991

The Buena Vista County Board of Supervisors met in special session on Monday, September 30, 1991 at 7:00 P.M. in the District Courtroom of the Courthouse, with Chairman Vail presiding and with the following other members present: Burnside, Gustafson, Harjes, Rehnstrom, and with Auditor Strawn as clerk for the meeting.

Twenty-two interested persons were present for the final public hearing on the Re-precincting Task Force recommendations. Task Force Chairman Bob Stoughton reviewed the work of the Task Force. The chairman asked for comments and/or questions. Two persons from Elk Township discussed their activity in circulating a petition bearing 94 signatures. 11 persons were in favor of the proposed merger, with 83 opposed. The reason cited for the opposition was loss of identity in the reporting of election results. Another person suggested that a merged precinct of Lincoln, Scott and Grant might be too large, and that Newell merged with Providence was too large. An alternative would be

Buena Vista County, Iowa

from the Linn Grove area regarding its proposed merger with Rembrandt. Several persons suggested an election to determine precinct changes. The Election Commissioner stated that a question could be put on the General Election ballot, but not the Primary. Other comments included: driving a distance to vote is probably not an issue since people drive a distance for most services; township officers could be called upon to serve as election workers, as they had been in past years (re: difficulty of finding workers). The Chairman thanked those in attendance for the interest and attendance at the hearing. The Board will consider the re-precincting at their next meeting, with the adoption of precincts to be done by ordinance.

The public hearing having adjourned, the Board re-convened in the 2nd Floor Public Meeting Room.

Zoning Administrator Don Linnan reported that the recommendation of the Zoning Commission, on a re-zoning request of Gary Tielbur for a property in Sioux Rapids, was to approve the request. Motion by Harjes, second by Rehnstrom, to accept the recommendation of the Zoning Commission, and to approve the re-zoning of a Sioux Rapids property from ag residential to commercial, the property being a part of the Auditor's Subdivision of the South Half of the Southeast Quarter of Section Six, Township Ninety-Three North, Range Thirty-Six West of the 5th Principal Meridian, Buena Vista County, Iowa, more particularly described as:

Commencing at a Point that is Three Hundred Seventy Six and Thirty Nine Hundredths Feet (376.39') East of the Southwest Corner of the Southeast Quarter (SE 1/4) of Section Six (6), Township Ninety Three North (T 93 N), Range Thirty Six West (R 36 W) of the Fifth Principal Meridian (5th P.M.), Buena Vista County, Iowa, thence North 08° 10' 00" East a distance of Forty Six Feet (46.00'); thence North 39° 10' 00" East a distance of One Hundred Eleven Feet (111.00'); thence North 51° 50' 00" West a distance of Two Hundred Forty Six and Forty Three Hundredths Feet (246.43') to a point on the original Northwesterly right-of-way line of the Minneapolis & St. Louis Railway, (now abandoned), said point being 150.00 feet distant Northwesterly from, as measured at right angles to the centerline of the original (now abandoned) main line track of said Railway Company; thence North 46° 19' 30" East along the Northwesterly right-of-way line of said Railway company a distance of Three Hundred Eighty and Forty Nine Hundredths Feet (380.49') to a point on the South Line of Lot Seven (7) of the Auditor's Subdivision of said South Half (S 1/2) of the Southeast Quarter (SE 1/4) of Section Six (6); thence South 00° 34' West parallel with the West Line of said Southeast Quarter (SE 1/4) a distance of Two Hundred Nine and Thirty Eight Hundredths Feet (209.38') to a point on the centerline of the original main line track of said Railway Company; thence South 43° 40' 30" East a distance of One Hundred Fifty Feet (150.00') to a point on the Original Southeasterly right-of-way of the Minneapolis & St. Louis Railway said point being 150.00 feet distance Southeasterly from, as measured at right angles to, the centerline of the original main line track of said Minneapolis & St. Louis Railway, thence South 46° 19' 30" West along the original Southeasterly right-of-way line of said Minneapolis & St. Louis Railway a distance of Three Hundred Eighty and Forty Nine Hundredths Feet (380.49') to a point on the south line of the Southeast Quarter (SE 1/4) of said Section Six (6); thence west along the South line of said Southeast Quarter (SE 1/4) a distance of Twenty Feet (20.00') to the Point of Beginning and containing an area of 1.87 acres including 0.02 acres of existing highway right of way. (For the purpose of this description the South Line of the Southeast Quarter (SE 1/4) of Section 6-93-36 is assumed to have a true East to West Bearing.) to be effective upon Tielbur's purchase of the property. Ayes--all.

Storm Lake Mayor Wilbur Tucker reviewed the city's developing plans to consider converting the sewer lines leased to IBP to storm sewer lines, following their replacement by IBP's new force main. IBP would repair the 'blow-outs' before turning the lines back to the city. Storm Lake has inadequate storm sewer drainage on the east side of the city. The Board noted that their concern over the potential collapse of the lines in the county's right-of-way would not be alleviated with this new use of the lines. The Board will take the proposal under advisement.

The engineer presented 2 informal quotes for a sand bunker to be located next to the new salt shed. Quotes were submitted by Paul Park Co. & Tom Witt. Motion by Gustafson, second by Burnside, to accept the low quote of Paul Park Co. in the amount of \$1,100 for a sand bunker to be located adjoining the new salt shed. Ayes--all.

There being no further business the meeting adjourned to Tuesday, October 8, 1991 at 9:00 A.M. for a regular session.

Motion by Burnside, second by Gustafson, to authorize TMC Corp as the long distance telephone carrier for Courthouse offices effective immediately. Ayes all.

Minutes of the November 5 and November 12, 1991 meetings were read and approved.

Upon final reading of Ordinance #5.2 - Groundwater Protection, the second reading having been suspended by a vote of the Board pursuant to 331.302(5) of the Code of Iowa, motion by Gustafson, second by Harjes, to approve the final reading of and to adopt Ordinance #5.2 as published November 2, 1991 in the Storm Lake Pilot Tribune with the following change: ...permit fee shall be established by the Board of Health, with notice to be provided to the Board of Supervisors and the County Auditor, and to authorize the members to sign. The roll call vote was as follows: Burnside - aye, Gustafson - aye, Harjes - aye, Rehnstrom - aye, Vail - aye. The ordinance was declared adopted.

Motion by Burnside, second by Gustafson to approve and to enter into a 28E agreement with the

Supervisor's Record No. 18

DHS Director Anita Hallquist informed the board that the county will now be paying the non-federal share of the cost of services for 1 person (J.W. 11-19-91) at Hope Haven. Motion by Rehnstrom, second by Burnside, to approve placement of 1 person (B.N. 11-19-19) at Hope Haven, and to authorize the Chairman to sign the agreement. Ayes all.

Engineer Don Linnan discussed additional signing on level B roads. Many people ignore the current signs and use the roads anyway. Rural residents have complained about the frequency of having to pull out the vehicles which get stuck on those roads.

The Board recessed to the second floor Public Meeting Room to hear the concerns of 18 interested persons regarding snow clearing following the October 31 storm. Sue Morrow gave her concerns, and those of her staff, regarding the condition of the county road where Spectra Health Care is located. One person asked about the location of the windrow when roads are graded. Dave Friedrich discussed several sites where his employees live in Maple Valley Township where access to their worksites was extremely limited. Several other persons said black tops were cleared several times, while gravel roads were not opened until much later. Gustafson said he feels gravel roads are being slighted.

Engineer Linnan suggested looking at sites where livestock are located at the same time school bus routes are reviewed to develop priority maps.

The assignment of equipment to gravel vs black top roads was questioned. The suggestion was made to use trucks on black top reserving graders for gravel.

Earl Gutel stated that his road was graded too frequently since March 1991. Another person asked when the county quit plowing at night, as it had done so a number of years earlier. Perhaps there could be less summer work and full service in the winter.

The Chairman announced that the Board was behind schedule and another appointment was waiting. He thanked the people for their comments and the Board returned to the Boardroom.

Recorder Shari O'Bannon discussed performing the clerical duties for the Veteran's Affairs Commission in her office and agreed to do so if assigned.

11:00 The time having arrived for the Public Hearing on the Aronson Ag Area hearing, the Chairman opened the hearing with Mr. Aronson and the media present. There being no objections to approval either written or spoken, the Chairman closed the hearing. Motion by Burnside, second by Rehnstrom, to approve the ag area petition filed October 8, 1991 with an amendment filed November 12, 1991 by Aronson et al for a location in Sections 9, 10 and 15 Fairfield Township, containing approximately 895 acres. Ayes all.

Motion by Rehnstrom, second by Gustafson, to amend the meal reimbursement policy as follows: the combination of breakfast and lunch claims shall not exceed \$9.00, and dinner claims shall not exceed \$10.00 for meals eaten out of county while attending meetings and schools, all reimbursement claims to be accompanied by supporting documentation, effective November 19, 1991, to be reviewed July 1, 1992. Ayes all.

Motion by Harjes, second by Rehnstrom, to approve the following reports: October budget, Clerk's surcharges, Medicaid Case Management, 3rd Quarter '91 Florence Crittenton Financial and November YES center. Ayes all. Also reviewed was: ISAC - Blue Cross/Blue Shield 1990.

Motion by Burnside, second by Gustafson, to approve the following late filings for homestead credit and military exemption on the following parcels: 1991 homestead - #s 4979.00, 7257.30, 5693.78; for 1990 military - #s 2155.50, 7699.00, as recommended by the Assessor. Ayes all.

Clark Fort, Colburn and Elk, discussed the Worker's Compensation policy for Township employees. There would be a savings if township employees were an added insured to the county's workers comp policy. He suggested getting a certificate of insurance from the new company prior to cancelling the old.

GRSO Joleen Brady reported success with collections made through Iowa Credit.

Custodian Rollie Sievers asked about snow removal in the Courthouse parking lot in the case of heavy snowfall. The Board commended Sievers and his department for the fine job they do keeping the Courthouse clean - the safety inspector from the County's insurance carrier having made special mention of the exceptional condition of the facility.

Claims were audited and allowed as follows:

BOARD OF SUPERVISORS MEETING
FORTIETH MEETING, 1991 SESSION (40)
NOVEMBER 26, 1991

The Buena Vista County Board of Supervisors met in special session on Tuesday, November 26, 1991 at 9:00 a.m. in the Boardroom with Chairman Vail presiding and with the following other members present: Burnside, Gustafson, Harjes, and Rehnstrom, and with Auditor Strawn as clerk for the meeting.

Sandy Lloyd, Administrator of the B.V. Work Activity Center, with several employees and members of her board, requested a letter of support for a grant to expand the glass and plastic recycling, and to purchase equipment for shredding confidential office papers.

Jon Green, Manager of the Harold Rowley Recycle Center, apprised the Board of the need to retain the recycle and shredding business until other counties can be brought in to bring the center up to full capacity. The Solid Waste commission is not opposed to the BVWAC project, but needs to preserve its revenue sources until additional sources are found.

Motion by Harjes, second by Gustafson, to approve a letter of support for the BVWAC request. Burnside indicated that she would abstain due to serving on both the BVWAC and Recycle Center boards. The Chairman called the motion. Ayes - Gustafson, Harjes, Rehnstrom. Abstain - Burnside. Motion carried.

Drainage Engineer Darel Burns reviewed his report on DD #20 and the business of the public hearing.

10:00 a.m. The time for the DD 20 Public Hearing having arrived, the Chairman opened the hearing with 5 interested persons, 1 media person, and Drainage Attorney Greg Schiller present. Drainage Engineer Burns discussed the origin and history of the drain located in Coon Township (T 91N R 35W) and reviewed the request for repairs for which he had filed his report. His estimate to return the ditch to its 1910 condition (initial construction) was \$30,095.50. An additional \$15,684.78 would pay for previous work, survey and administrative costs. Burns recommended a clean out beginning with tree and brush removal. Burns also advised those present of a recent letter from the Army Corp of Engineers relative to rip rap placed in DD34. He recommended filing a copy of the report with the Corps and Iowa DNR to notify them of the proposed activity. Schiller has requested a determination from the Corps of Engineers on whether the maintenance of the drainage district actually falls under the regulations as they were intended.

Vail asked what the cost of tree and brush removal would be if that were the only action ordered now - \$2,000.00. The costs incurred so far, plus the survey, and report would be assessed back to the landowners according to the original assessment schedule. Landowners have the right to petition for a re-classification and the Board could order it at a cost of about \$5,000 or more. Burns recommendations do not include re-classification.

Whether or not livestock in the ditches should be banned was asked. If the Board were to order the ban, the policy would need to be in place and enforced for all drains. Several questions were asked about payment of assessments and Burns described the difference between stannum warrants and

Buena Vista County, Iowa

and/or hold another public hearing if the bids were too high.

The Engineer read a letter of objection to an assessment, of which there is none currently ordered, and suggested a letter of explanation regarding inclusion of the writer's private tile in the district.

Motion by Burnside, second by Rehnstrom, to approve the Engineer's Report, and to adopt the following resolution: The Board having heard all objections regarding the feasibility of proposed repairs to Drainage District #20, determines that the complete list of repairs set forth in the Engineer's Report of September 30, 1991, with an estimated total expense of \$45,780.28, constitutes the most desirable and feasible repair plan, that said repair work, however, shall not commence until prior approval or exemption is obtained from the Army Corps of Engineers, and should such approval or exemption not be obtained, the Board reserves the right to reconsider the Engineer's Report; further the Board also assumes, in adopting the full list of repairs outlined in the Engineer's Report, that the bids for said work will not greatly exceed the projected cost of \$45,780.28, so that should the bids exceed said estimate, the Board does reserve the right to schedule a public hearing and reconsider the repair report. Ayes all. The resolution was declared adopted.

Motion by Harjes, second by Rehnstrom, to declare the results of the canvass of the November 19, 1991 Special Election for the Sioux Rapids -Rembrandt School District as follows: On the question of imposing an instructional support tax of not exceeding 10% of the regular program district cost, 345 ballots were cast with 71 votes in favor and 276 votes opposed, measure was declared failed; and to direct the Auditor to prepare an abstract of the results pursuant to Chapter 50.24 of the 1991 Code of Iowa. Ayes all.

GRSO Joleen Brady met briefly to discuss 1 client.

Motion by Burnside, second by Rehnstrom, to approve and to authorize Auditor Karen M. Strawn to sign ASCS documents regarding county owned property and to direct her as secretary of the Board to certify a copy of these minutes as required. Ayes all.

Appraiser Bob Davis reviewed an appraisal report he had prepared for the Board.

BOARD OF SUPERVISORS MEETING FORTY-SECOND MEETING, 1991 SESSION (42) DECEMBER 17, 1991

The Buena Vista County Board of Supervisors met in regular session on Tuesday, December 17, 1991 at 9:00 a.m. in the Boardroom with Chairman Vail presiding, and with the following other members present: Burnside, Gustafson, Harjes, and Rehnstrom, and with Auditor Strawn as clerk for the meeting.

Minutes of the December 3, 1991 meeting were read and approved.

DHS Director Anita Hallquist reported on the progress of one client at Horizon's Unlimited and requested approval for an additional 6 months at the facility. The Board approved (D.B. Jr. 12-17-91). Hallquist reviewed the funding sources for a number of different services. She also requested funding for 1 developmentally disabled person (D.B. 12-17-91) for supervised apartment living services at Horizon's Unlimited and work activity and job coaching (to be paid by Vocational Rehabilitation). The Board approved funding for a 2 month period.

Engineer Don Linnan presented the results of the bid letting on the grading project of C-49.

Motion by Gustafson, second by Rehnstrom, to accept the low bid of Wetherell Excavating and Trucking for project #SN-3017(1)--51-11 in the amount of \$153,331.78 and the "tied" project #FM-11(21)--55-1 in the amount of \$66,516.87 for the grading of C-49, and to authorize the Chairman to sign. Ayes all.

Motion by Harjes, second by Burnside, to accept and to authorize the Chairman to sign the Contractor's Bond of Wetherell Excavating and Trucking for the above named projects. Ayes all.

The lights at the intersection of M-50 and the railroad tracks have been vandalized nearly resulting in the collision of a train and an automobile. The engineer discussed the icy condition of gravel roads due to the unusually severe winter weather. (Additional calcium chloride treatment as applied in Clay County might be helpful.) Scarifying might be possible on some of the worst roads in the problem areas. The pavement on the Lakeside blacktop has been damaged due to heavy equipment. The engineer also discussed the policy he had been working on with Sue Morrow to provide access to Spectra when road conditions are bad due to storms. The Board will schedule an all day meeting with the engineer for discussion of secondary road items.

CADA Director Karen Paulson and Gerry Whitney, new staff member, visited about looking for a new office in Storm Lake. Whitney works 20 hours/week in Buena Vista and Sac Counties. NW IA MHC will be starting a "Batterers Program" to comply with legislation requiring programs to be started by January 1992. It is based on a Minnesota program.

Rich Michaelis, Iowa D.O.T. District Planner, Sioux City, met to discuss the Highway 71 bypass. Highway 71 has been identified as part of Iowa's major commercial-industrial network - the D.O.T.'s priority route. Michaelis wants to work with the Board to reach a mutual agreement on the transfer of jurisdiction of old 71. The D.O.T. will not continue development of the project until an agreement is reached on the transfer of jurisdiction. Projected traffic counts were reviewed. The consensus of the Board was support of the transfer of jurisdiction, but with strong reservations about the traffic counts and the condition of the road at the time of the transfer of jurisdiction. The Board will discuss the subject further and contact Michaelis.

Darwin Munson, Iowa Electric Light and Power, thanked the Board for the responsiveness of the county to his company's requests for assistance during the winter storm recovery.

Treasurer Sally Grunig updated the Board on the ISAC meeting with the Governor to discuss the County Treasurers' proposal to provide drivers license services and the Iowa Trust situation. Grunig requested that departments put off all expenditures except the essentials from now until March 31 to preserve the County's fund balance. Motion by Harjes, second by Burnside, to authorize the Treasurer to contact the County Attorney with instructions to investigate Buena Vista County joining with other counties in planned litigation to retrieve the county's funds in the Iowa Trust, and to pursue the retrieval of the money withdrawn by Polk County and the City of Marshalltown prior to the December 11 freezing of the funds of the Iowa Trust. Ayes all.

GRSO Joleen Brady reported on a general relief application completed with false information and recommended suspension for 1 year according to the general relief guidelines. The Board agreed. Motion by Burnside, second by Gustafson, to pay 1/2 of the orthodontist treatment for 1 person (A.G. 12-17-19) from the Buckingham Estate Funds. Ayes all.

Motion by Burnside, second by Harjes, to approve and to authorize the Chairman to sign the cover letter and application to the Iowa Army Corps of Engineers for repairs to be done on DD20. Ayes all.

Motion by Gustafson, second by Burnside, to approve the following reports: November Clerk's surcharges, Recorder's fees, '91 County Farm grain summaries, November budget reports. Ayes all. Also reviewed were 3rd Qtr '91 Child Support Recovery, FY'91 UDMO Financial report, and December YES Center.

Motion by Rehnstrom, second by Harjes, to approve the following late filings for homestead credit on the following parcels: for 1990 homestead - #3695.00, for 1991 homestead - #6437.00, 1074.00, and 3695.00. Ayes all.

Motion by Harjes, second by Gustafson, to adopt, and to authorize the Board members to sign, a proclamation encouraging all Iowans to ratify the Equal Rights Amendment when it comes to a vote in the 1992 General Election. (Proclamation on file as resolution 1991-124.) Ayes all.

BOARD OF SUPERVISORS MEETING
FORTY-THIRD MEETING, 1991 SESSION (43)
DECEMBER 31, 1991

The Buena Vista County Board of Supervisors met in regular session on Tuesday, December 31, 1991 at 9:00 a.m. in the Boardroom with Chairman Vail presiding, and with the following other members present: Burnside, Gustafson, Harjes, and Rehnstrom, and with Auditor Strawn as clerk for the meeting.

Minutes of the December 17, 1991 meeting were read and approved.

Sanitarian Ray Kurtz and Martin Glienke discussed manure run off into a county road ditch at a site in Maple Valley Township. Iowa State Administrative Code does not appear to prohibit the action. The run off problem appears to have developed as a result of last spring's excessive rains and is not a willful discharge. For future needs, a silt and solids restraining fence could be installed and periodically cleaned, and then clean the ditch when necessary. It was agreed that Glienke will install the silt fence, the County will clean the ditch next year.

Kurtz informed the Board that wells are being closed only as the state grant funds are received by the county. He suggested that well testing funds, which aren't currently in such great demand, be used for expanding the well closure program.

Engineer Don Linnan reviewed a proposed agreement for maintenance of county line roads to be negotiated with border counties.

Nurse Karole Graen reviewed December Board of Health minutes and requested information for budget preparation.

Treasurer Sally Grunig asked for the disposition of state general allocation funds. Motion by Burnside, second by Harjes, to approve the deposit of the county general allocation funds (formerly county assistance and personal property) in the amount of \$66,556.94 into the General Basic Fund (001) per the FY'92 approved budget. Ayes all. Grunig also updated the Board on the Iowa Trust. At the recommendation of the County Attorney we will not enter into litigation independently since Buena Vista County is included in the class action lawsuit.

Vail appointed Burnside and Harjes to the end of the calendar year cash count committee.

The Board discussed a letter from the Sac County Board of Supervisors inviting Buena Vista to join with Sac, Ida, and Crawford Counties in forming a DHS cluster in the DHS re-organization. The auditor will respond with an affirmative answer.

Motion by Harjes, second by Rehnstrom, to approve the following reports: FY'91 Veteran's pensions, Nov. Medicaid Case Management, Dec. Board of Health. Ayes all. The following reports were also reviewed: Dec. Highway 20.

Motion by Gustafson, second by Rehnstrom, to approve and to authorize the Interim Boardmember to sign the work order for DD 181-Branch 976 open ditch to remove the deltas and fill in the ditch bank at the following described location: in Section 13, Douglas Twp, Sac County. Ayes all.
